Endorsement of the Surgeon General, Madras, dated 25th January 1894 N^o 84 on letter from the Superintendent Government Lying-in Hospital, Madras, dated 23rd January 1894 N^o 29.

Letter from the Surgeon General, dated 26th January 1894 N^o 100.

With reference to G.O. N^o 502 Public, dated the 30th June 1893, I have the honor to forward the enclosed letter N^o 28 of the 23rd January 1894 from the Superintendent Lying-in Hospital Madras for the favourable consideration and orders of Government.

2. In April last Surgeon Lieut Col Branfoot brought to notice the necessity for increasing the accommodation of the midwifery nurses pupils doing duty at his Hospital. I was in communication with the consulting Architect

on the subject when G.O. No. 502 of 30th June 1893 was received and I did not therefore consider it advisable to submit the matter for the consideration of Government until orders were issued regarding increased accommodation for delivery cases.

His letters are now herewith submitted

No. 165 dated 10th April 1893
No. 177 dated 15th April 1893.

Order 13th February 1894 No. 96.

The papers recorded above relate to certain additions proposed to be made to the Lying-in Hospital, Madras.

2. His Excellency the Governor in Council is pleased to direct that plans and estimates be prepared for erecting two blocks at the rear corners of the existing central block of the Hospital - each to be three stories high - and also for a third story to the central block, to provide the additional accommodation required for the female apothecary and the nurses.

3. The further necessary orders will issue in the Public Works Department.
