GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following paper :—

From Brigadier-General E. H. EYRE, Quartermaster-General, Madras Army,
to the Secretary to Government, Military Department, dated Ootacamund,
2nd February 1894, No. 175 M.W.

Referring to paragraph 4 of Public Works Department G.O. No. 15 W. of 8th January 1894 and paragraph 2 of Proceedings of the Madras Government No. 343 of 19th idem, I am desired to invite your attention to this office letter No. 2735 M.W. of 17th December 1891 intimating that funds for the construction of lines for native troops in this Presidency are provided in the Military and not in the Military Works budget estimate. The two items referred to therein should not apparently find a place in the latter.

2. In paragraph 6 of the Public Works Department Government Order quoted above, it is ruled that in the case of Ordnance and Commissariat minor works application for funds should be made to the Director-General of Military Works through the head of the department concerned. This procedure, however, appears to be at variance with that indicated in Proceedings of Government No. 4744 of 22nd July 1893, which seems to imply that funds required for the execution of such works at Public Works stations in this Presidency should be provided from the allotment made for minor works in the Military Works budget estimate of the Madras Presidency; further, G.O. No. 2822 W. of 10th October 1892, quoted in the paragraph under reference, in so far as it deals with minor works, appears to be cancelled by Proceedings of Government No. 356 of 19th January 1893.

3. I am accordingly to request the favour of definite instructions on this point.

No. 852, Military.

(Signed) H. R. HOPE, Brigdr.-Genl.,
Secretary to Government.

ORDER—dated 2nd March 1894, No. 567 W., Public Works.

Paragraph 1 of the Quartermaster-General's letter will be communicated to Superintending Engineers concerned for information and guidance. It will be seen that funds for the construction of lines for native troops in this Presidency should not in future be included in the Military Works budget.

2. As regards paragraph 2 it is observed that separate rules have been issued by the Government of India for the administration of funds for works appertaining to the Ordnance and Commissariat Departments.

* *Vide* Standing Orders No. 267 of 1892 and No. 303 of 1893. These rules appear as paragraph 19 A,* Chapter XV, Volume II of the Public Works Code. Under these rules the allotment of funds for minor works on account of the buildings in question still rests with the heads of departments concerned, and Superintending Engineers will accordingly apply direct to those officers for such funds as may be necessary and not to the Director-General of Military Works as directed in paragraph 6 of G.O., No. 15 W., dated 8th January 1894. The slight change of procedure now ordered is based on Standing Order No. 303 of 1893, which was received after G.O., No. 15 W., dated 8th January 1894, was drafted.
