16th February 1894, No. 138, Revenue.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—again G.O., dated 22nd December 1893, No. 1083, Revenue.

Abstract.—Dr. Warth's report on the specimens of corundum found in certain districts of the Madras Presidency and in the Mysore and Travancore States, communicated to the Board of Revenue and to Mr. C. S. Middlemiss, Deputy Superintendent, Geological Survey.

Read—also the following paper :—

No. 271-C.

Note by the Chief Engineer, Public Works Department, dated 18th January 1894.

With reference to G.O., No. 1083, dated 22nd December 1893 (Revenue Department), I would suggest that a small quantity of the mineral reported on by Dr. Warth should be sent to England with a view to its being examined by experts in the manufacture of aluminium as to its suitability for the purpose.

If found suitable, the fact of its being found so near the Periyár valley would be an immense advantage.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

22nd January 1894.

Transferred to the Revenue Department.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Secretary to Govt., P.W.D.

To the Revenue Department.

Order—dated 16th February 1894, No. 138, Revenue.

Miscellaneous.

The Government agrees with the Chief Engineer, Public Works Department. A small quantity of the mineral will accordingly be despatched to the Right Honorable the Secretary of State for India, who will be requested to obtain the opinion of competent experts as to the commercial value of the mineral and as to the method by which pure aluminium oxide could best be extracted therefrom.

2. The Superintendent, Government Central Museum, should, in communication with the Collector of Madura, arrange for the early despatch of a sufficient quantity of the mineral to the Right Honorable the Secretary of State, to whom the following letter will be addressed.

(True Extract.)

(Signed) C. A. GALTON,
Secretary to Government.

To the Superintendent, Government Central Museum.
Copy to the Commissioner of Revenue Settlement, Land Records and Agriculture.
