Proceedings of the Madras Government

Read the following paper:-
 From the Director of Public Instruction Madras
 of 26th January 1894 No 701.

With reference to para 5 of G.O. dated
 29th October 1891 No 2895 W and to G.O. 8753
 Educational dated 13th October last, I have the
 honour to submit for the orders of Government,
 the accompanying sketch plan of the accommodation
 required for the Vice Principal of the Teachers
 College, Saidapet, together with copy of the
 Consulting Architects letter dated 7th November
 last No 2344.

2 From the above letter, it will be observed
 that the Consulting Architect estimates the
 probable cost of the building at Rs 16,856.
 This amount he says, will cover the rent of
 Rs 92 per mensem. But according to the
 Public Works Code, the cost should be so
 regulated that the rental calculated according
 to the rules, will not exceed 8 per cent of the

the salary of the official who will occupy the building. The Vice Principal's salary may be taken at Rs. 450 the mean between the minimum and the maximum pay of the appointments.

The cost of the building proposed to be built for him should, therefore be fixed at an amount, the rental upon which will not exceed Rs. 36 per mensem. The Consulting Architect's estimate is thus considerably in excess of what is strictly allowable under the Public Works Code. The Principal of the Teachers' College was requested to report, in consultation with the Vice Principal and the Consulting Architect the lowest possible outlay for which a residence may be provided for the Vice Principal without at the same time seriously interfering with his comfort and convenience. Mr. Hall reports that a house with the necessary accommodation could not be built for anything less than Rs. 10,000 and that the Consulting Architect is also of the same opinion. This outlay will cover a rent of about 56 Rupees, which, though higher than the limit allowed by the Public Works Code, is still much less than the monthly rent allowance, viz Rs. 80 which is now being paid to the Vice Principal.

3 Under the above circumstances, I beg to request that I may be informed whether Government is prepared to sanction an

an expenditure of Rs. 10,000 for the Vice Principal's accommodation. The Consulting Architect will be requested to prepare revised plans and estimates on receipt of the orders of Government on this communication.

Order, dated 3rd March 1894 No. 137

The Consulting Engineer will be directed in the Public Works Dept. to prepare plans and estimates for a residence for the Vice Principal of the Teachers' College at Saidapet, the Vice Principal's salary being Rs. 400-20-500 the cost of the building must be restricted accordingly but, if this is found to be impossible, the Govt. will be prepared to move the Govt. of India to sanction the construction of a house at a cost not exceeding Rs. 10,000, the circumstances seeming to justify a somewhat larger estimate than the rules would ordinarily allow.

2 The Govt. considers it essential in the interests of the College that the Vice Principal, at all events, should reside in its neighbourhood and the transfer of the Hindu

Hind Branch to Saidapet removes one of the reasons which rendered the residence of the Principal in Madras expedient for the time being.
