NOTES.

Reference to P. W. D. Code.

Chapter 1, para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.
2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be certified by the Examiner before the statements are forwarded to the sanctioning authority.

Division office
Clerk —

Letter from the Executive Engineer Caddapah Division
No. 475 S. E. dated 21st February 1896 to the Superintending
Engineer, III Circle, Bellary.

I have the honor to bring to your notice that owing
to the unhealthiness of this place, the members of the Office
frequently fall sick and much hindrance is thereby caused
to work. There are at present three clerks excluding the
head clerk. Out of these, two are employed in the corres-
pondence section and one in the accounts section.

2. If the clerk employed in the Account section
falls sick there is no one to assist the Accountant.

Moreover the Accountants posted from other parts
of the Presidency suffer a great deal from fever and the
clerks attached to the Account section have to take up
his work occasionally.

Under the circumstances an additional clerk to
assist in the Account section is necessary so that the
work may not fall into arrears.

The above facts were brought to your notice at the
time of your inspection of this Office.

I have therefore the honor to request that you
will be good enough to forward the enclosed proposition
statement for sanction.

No.

Copy forwarded to the Chief Engineer for
further consideration.

favorable consideration, in the
2. The Saginaw Scheme increases the work of the
Cuddapah Office, which now in the accounts, and again
in the Draughtsman's section of it, has been in a chronic
state of partial inefficiency owing to the unhealthiness of
the town from want of drainage.

W. H. Francis Coll. R.E.

Supt. Engineer, Ill. Central.
