Revenue Department.

Proceedings of the Madras Government.

Read the following Minute
recorded by the Honorable Mr. Bliss C.I.E. dated
February 5th, 1894:—

I desire to draw the attention of my
Honorable Colleagues to the wretched entry which forms
the only means of access to the really fine building
the upper part of which is occupied by the Members
of the Board of Revenue. This consists of a very hard-
wood hall off which open the rooms of three of the
Members and of the Secretary, and 2 smaller rooms,
formerly used, I think, by the Forest Department,
but now I imagine, unoccupied. The only means of
access thereto is a very shabby staircase, suitable both
in design and in dimensions only to the use of the
Clerks. I had almost said, of minims, for it is in
character just what would be called in England a
"back staircase". I do not think this is suitable.
The Members and Secretaries of the Board need no
gentlemen visiting the Office on business should be able
to reach the upper floor by means of a staircase
which is not open to the use of all the Clerks and peons,
and on which one does not constantly meet half-naked
coolies, and which can therefore be kept clean and tidy.
It seems to me that it would not be difficult to provide
a proper staircase inside the lofty archway, and within
the open space, between the roofs of the 1st and 2nd stories
on the east side of the building; and that outside that
archway, a Porter-Cock should be built to cover carriages
sitting down and taking up. I suggest that the Government
Architect be called on for a plan and Estimate for this
improvement.

Order thereon 5th March 1894 N^o 947.
Communicated to the Department Public
Works

Works in view to the preparation of the necessary
plans and estimates.

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

83/3
Read the following

Not to be
in the Rev. Department N^o 947 dt 5 March 94

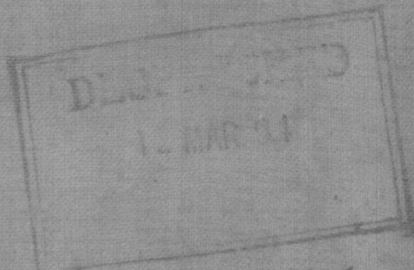

The Consig. architect
will prepare a plan and
estimate for a suitable
stair case to afford
means of access to the
upper part of the Revenue
Board offices occupied
by the members of the
Board. It will probably
be found practicable to
provide such a stair
case inside the present
lofty archway, and
within the open space,
between the rooms of the
1st & 2nd members on the
East side of the building.

The design should be
in keeping with the
~~really fine~~ building of
which it will form a
part. A Porter-Cochere
outside the archway
should also be designed
to cover carriages setting
down and taking up
at the new staircase
^{is intended to}
which ~~will~~ be reserved
for the use of the Superior
officers of Board and
gentlemen attending
the offices on business.
