GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads,
Military Works.

READ—the following paper :—

Extract from the Proceedings of the Government of India, Military Department, dated Simla, 27th July 1892, No. 2179 M.W.

Read—the following paper :—

From the Quartermaster-General in India, dated 16th October 1891, No. 5081.

ABSTRACT.—Communicating the desire of His Excellency the Commander-in-Chief that some procedure be laid down to ensure the approval and countersignature of the Director-General of Military Works being obtained to all projects for alterations and additions to forts and works of defence which are not in the immediate charge of the Military Works Department.

Resolution.—The Government of India are pleased to decide that the following procedure shall be observed in regard to all major or minor works involving additions or alterations to fortifications, forts, and works of defence generally :—

(a) In the case of such forts or works of defence (other than block-houses for the defence of a railway bridge), located in the Madras or Bombay Presidency, the project prepared by the Public Works Department Engineer will be forwarded direct by that officer to the local Chief Engineer of the Military Works Department, who will, after obtaining the signature of the General or other Commanding officer requiring the addition or alteration, submit it for the approval and countersignature of the Director-General of Military Works. On receipt of the project, duly countersigned by the Director-General of Military Works, the Chief Engineer of the Military Works Department will, in the case of a minor work, forward it to the Government of ^{Madras} ~~Bombay~~ for formal sanction to the estimate and allotment of funds from the grant at its disposal for military works. Should, however, the project be for a major work, the Chief Engineer will obtain the approval of the Commander-in-Chief of the Madras or Bombay Army as the case may be, prior to its transmission to the Government of ^{Madras} ~~Bombay~~.

(b) In the case of such forts or works of defence in the Bengal Presidency (other than block-houses and towers for the defence of railway bridges, stations and tunnels), the Public Works Department Engineer will forward the project to the Superintending Engineer of the nearest Military Works command, who will submit it to the Director-General of Military Works after obtaining the signature of the General or other Commanding officer requiring the work. When approved and countersigned by the Director-General of Military Works, that officer will forward it to the Local Government or Administration concerned for formal sanction to the estimate and allotment of funds from the grant at its disposal for military works. Should the project be for an extensive major work, the Director-General of Military Works will obtain the approval of the Commander-in-Chief in India to it prior to its transmission to the Local Government or Administration.

(c) In the case of block-houses and towers for the defence of railway bridges, stations and tunnels, which are to be carried out by the agency of the railway, the project prepared by the Railway Engineer will be dealt with as under :—

I.—STATE RAILWAYS WORKED BY THE STATE.

(1) *Minor works costing Rs. 5,000 each or under.*—The project will be forwarded by the Railway Engineer through the Manager and the Superintending Engineer of the nearest Military Works command to the Director-General of Military Works for countersignature and will be returned to the Railway Engineer by the same channel.

(2) *Major works costing more than Rs. 5,000 each.*—The project will be forwarded by the Railway Engineer through the Manager and the Superintending Engineer of the nearest Military Works command to the Director-General of Military Works and the Director-General of Railways or Local Government controlling the railway, who will return it through the Manager to the Railway Engineer.

II.—RAILWAYS NOT WORKED BY THE STATE.

In the case of both minor and major works, the project will be forwarded by the Railway Engineer through the Agent and the Superintending Engineer of the nearest Military Works command to the Director-General of Military Works and then from the Director-General of Military Works through the Consulting Engineer concerned and the Agent back to the Railway Engineer.

ORDER.—Ordered that the foregoing be communicated to the Local Governments, Administrations, &c., noted in the margin, for information and guidance.
Ordered also that a copy be forwarded to —

THE DIRECTOR GENERAL OF RAILWAYS.

Simla, August 17, 1891.

SIR,

It having been brought to the notice of the Government of India that certain railway buildings which have been erected in the vicinity of the Agra Fort are calculated to materially affect its defensive powers, the Governor General in Council is pleased to decide that no works or buildings of any kind are to be erected in the neighbourhood of any fort or cantonment without the previous concurrence of the Government of India in the Military Department, and that when such concurrence has been given on a definite understanding as to the nature and extent of works and buildings, no deviation from the original design is to be permitted without reference to that Department.

I have the honor to be,

SIR,

Your most obedient Servant,

Major, R.E.,

Offg. Assistant Secretary to the Govt. of India.

No. 557-M.-W.

GOVERNMENT OF INDIA,

MILITARY DEPARTMENT.

Extract from the Proceedings of the Government of India, Military Department, under date 20th February 1894.

READ the following :—

Public Works Department Circular No. 13-P.-W., dated Simla, 17th August 1881.

It having been brought to the notice of the Government of India that certain railway buildings which have been erected in the vicinity of the Agra Fort are calculated to materially affect its defensive powers, the Governor-General in Council is pleased to decide that no works or buildings of any kind are to be erected in the neighbourhood of any fort or cantonment without the previous concurrence of the Government of India in the Military Department; and that when such concurrence has been given on a definite understanding as to the nature and extent of works and buildings, no deviation from the original design is to be permitted without reference to that department.

Public Works Department Circular No. XXVII, dated Fort William, 20th December 1881.

In continuation of Public Works Department Circular No. 13, dated 17th August 1881, ruling that no works or buildings of any kind are to be erected in the vicinity of any fort or cantonment without the previous concurrence of the Government of India in the Military Department, I am directed to state that, whenever the construction of any works or buildings of the kind is contemplated, the matter should, in the first instance, be referred by the authorities concerned to the local Military Works Officer for an expression of his opinion, from a military point of view, after consulting the local military authorities, and that after this has been obtained, the proposal should be submitted, with all necessary plans and accompaniments, to the Government of India in this department for orders.

RESOLUTION.—In modification of the procedure laid down in the above circulars, the Governor-General in Council has decided that all applications shall be dealt with as follows :—

In the Bengal Presidency, when the fort or cantonment concerned is in charge of the officers of the Military Works Department, the application should be referred by the local Executive Engineer of the Military Works Department, with an expression of his opinion, to the General Officer Commanding the District, by whom it will be returned, with his remarks, to the Executive Engineer, for transmission, through the Superintending Engineer of the Military Works

e.g., Quetta.
Multan.

Command to the Director-General of Military Works. The last mentioned officer will forward it, with any observations he may think necessary, to the Quarter-master-General in India, who, under the orders of His Excellency the Commander-in-Chief, will submit the case to the Government of India, either direct or through the Defence Committee as may seem desirable.

See Circular No. 13-P.-W. 1881.

2. In those cases in which the fort or cantonment concerned is not in charge of the officers of the Military Works Department, the application should be referred by the local Executive Engineer to the General Officer Commanding the District, by whom it will be forwarded with his remarks to the Director-General of Military Works. The last mentioned officer will deal with the case as in paragraph 1 of this resolution after having deputed an officer of the Military Works Department to visit the place and furnish a report, if considered necessary.

e.g., Kohat.

3. In the Madras and Bombay Presidencies, a similar procedure to that laid down in paragraph 1 of this resolution will be followed when the fort or cantonment concerned is in charge of Military Works Department, but with this modification that the Chief Engineer will submit the case to the local Commander-in-Chief before forwarding it to the Director-General of Military Works; and when the fort or cantonment is not in charge of Military Works Department officers, the application should be referred by the local Executive Engineer to the General Officer Commanding the District, by whom it will be forwarded with his remarks to the Chief Engineer, who will submit the case to the local Commander-in-Chief, and subsequently to the Director-General of Military Works. This officer will deal with the case in the same way as laid down in paragraph 1 of this resolution.

e.g., Secunderabad.
Sitabaldi.

e.g., Mandalay.
Ahmedabad.

4. The Local Government concerned will be consulted by the Government of India before final orders are issued when this course appears necessary or desirable.

5. The procedure indicated above will not apply to the case of Fort William, Calcutta, and the adjoining lands, building operations in the vicinity of this fort being controlled under special rules.

To the Secretary to the Government of Madras, Public Works Department.
To the Secretary to the Government of Bombay, Public Works Department.
To the Secretary to the Government of Bengal, Public Works Department.
To the Secretary to the Government of the North-Western Provinces and Oudh, Public Works Department.
To the Secretary to the Government of the Punjab, Public Works Department.
The Chief Commissioner, Central Provinces.
" " Burma.
" " Assam.
The Resident at Hyderabad.
The Agent to the Governor-General, Rajputana and Central India.
The Director-General of Military Works.
The Quartermaster-General in India.
The Secretary, Defence Committee.

ORDER.—Ordered, that a copy of the foregoing Resolution be forwarded to the Local Governments and Administrations, and the officers marginally noted, for information and guidance.

Ordered also, that a copy be forwarded to the Public Works Department for information.
