Read—the following paper:—

From the Secretary to the Government of India, Military Department, to the Secretary to the Government of Bombay, Public Works Department, dated Fort William, 15th December 1893, No. 4052 M.W.

I am directed to acknowledge the receipt of your letter No. 1862, dated the 7th September 1893, submitting, for the issue of a definite ruling, a question raised by the Quartermaster-General, Bombay Army, as to whether, in the face of the orders contained in Military Department letter No. 228 M.W., dated the 19th July 1893, which authorize the construction, without the previous sanction of the Government of India in the Military Department, of railway staff quarters on railway lands within cantonment limits, provided that there is no fort in the vicinity of such lands, paragraphs 58 and 59, chapter III of the Cantonment Rules framed under Bombay Act III of 1867 are applicable to railway companies and the general public.

2. In reply, I am to state, for the information of His Excellency the Governor in Council, that it is not the intention of the Government of India that the orders contained in the Military Department letter quoted above should supersede the existing rules that regulate the construction, within cantonment limits, of temporary or permanent structures and the mode of their construction. I am therefore to say that the cantonment committees should, as hitherto, be referred to by railway companies and by the general public before any building, whether permanent or temporary, is erected within cantonment limits, and that railway companies or other parties should, as heretofore, be guided by the orders that the committee may pass in the exercise of the powers conferred on them under the Cantonment Rules.
