GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

Quarters—Warrant and Non-Commissioned Officers.

Read the following papers:—

- No. 63. *From Brigdr.-Genl. E. H. EYRE, Quarter Master General, Madras Army, to Brigdr.-Genl. H. E. HOPE, Secretary to Government, Military Department; dated Ootacamund, 26th January 1893, No. 120-MW (Quarters—Warrant and Non-Commissioned Officers).*

With reference to the correspondence ending with Proceedings of Madras Government, No. 3934, dated 21st June 1892, I am desired to forward, for the sanction of Government, the accompanying revised estimate, in duplicate, with two plans, for constructing quarters at Hubli for two sergeant-instructors of the Southern Mahratta Railway Volunteer Corps.

2. In the estimate previously submitted * and sanctioned by the Government

* Herewith re-enclosed.

of India, provision was made for a cook-house common to both the instructors, but as such an arrangement is considered objectionable, a separate cook-house for each of them has been allowed in the revised estimate. In order that the two sets of quarters may be distinct, the opening in the partition wall of the verandah attached to the main building has been closed and provision made for one servant's house, a stable for one horse, and a water-closet in lieu of a latrine, for each quarter.

3. Owing to these necessary improvements and additions, the amount of the estimate has been raised from Rs. 7,019 to Rs. 9,022, and the Commander-in-Chief trusts that the revised estimate will now be sanctioned by Government and an early allotment of funds provided for the work, as the quarters in question are urgently needed.

- No. 64. *To the Quarter Master General, Madras Army; dated 11th February 1893, No. 1023.*

- No. 65. *Telegram from the Secretary to the Government of India, Military Department, to the Secretary to the Government of Madras, Military Department; dated Calcutta, the 16th February 1893, No. 527-MW.*

Your No. 3935, 21st June last, quarters for sergeant-instructors, Railway Volunteer Corps, Hubli. Please say how much you can spend on the work during current year.

- No. 66. *Telegram to the Quarter Master General, Madras Army; dated 17th February 1893, No. 1150.*

No. 67. From Brigadier-General E. H. EYRE, Quarter Master General, Madras Army, to Brigdr.-Genl. H. R. HOPE, Secretary to Government, Military Department; dated Ootacamund, 4th March 1893, No. 395-MW (Quarters—Warrant and Non-Commissioned Officers).

Adverting to Military Department memo. No. 1023 of the 11th ultimo, I am desired to state, for the information of Government, that the General Officer Commanding Belgaum District, who was communicated with, reports that, after the original estimate had been prepared and submitted, the Commandant of the Southern Mahratta Railway Volunteer Corps represented that no provision had been made for servants' quarters, that separate cook-rooms for each quarter were necessary, and that the two sets of quarters should be separated by closing the opening in the partition wall of the verandah.

2. It is regretted that these and the other necessary improvements and authorized additions to the quarters in question were inadvertently overlooked when the original estimate was framed by the Railway Company.

No. 68. Telegram from the Quarter Master General, Madras Army, to the Secretary to Government, Military Department; dated Fort St. George, 6th March 1893, No. 402-M.

Your 1150 of 17th ultimo. Agent, Southern Mahratta Railway, states nothing can be expected current official year on sergeant-instructors' quarters, Hubli. Army hopes funds will be allotted for work ensuing financial year.

No. 69. Telegram to the Secretary to the Government of India, Military Department; dated 8th March 1893, No. 1610.

No. 70. To the Quarter Master General, Madras Army; dated 13th March 1893, No. 1718.

No. 71. From Brigdr.-Genl. E. H. EYRE, Quarter Master General, Madras Army, to Brigadier-General H. R. HOPE, Secretary to Government, Military Department; dated Ootacamund, 18th March 1893, No. 508-MW (Quarters—Warrant and Non-commissioned Officers).

In returning the plans and estimates forwarded with Military Department memo. No. 1718 of the 13th instant, I am desired to report, for the information of Government, that provision was originally made by the Railway Company in the revised plans and estimates for a cook-house, servant's house, stable and store-room for each quarter. These out-houses for both the quarters were estimated to cost Rs. 2,019, but as a bath-room was provided in the main building for each sergeant-instructor, and as under the provisions of the Bengal Barrack Regulations, section 3, para. 177, store-rooms could not be provided in addition to bath-rooms, the General Officer Commanding Belgaum District was requested to cause the plans and estimates to be revised accordingly. The store-room was thereupon removed from the plan and the cost of the out-houses in the estimate reduced to Rs. 1,680.

2. The Southern Mahratta Railway Company should have omitted the words "store-rooms" from the revised estimates, but they were allowed to remain apparently through inadvertence. The entry has now been scored out of the same.

No. 72. To the Secretary to the Government of India, Military Department; dated 25th March 1893, No. 2040.

No. 72-A. From Major-Genl. E. H. H. COLLEN, C.I.E., Secretary to the Government of India, Military Department, to Brigdr.-Genl. H. R. HOPE, Secretary to the Government of Madras, Military Department; dated Simla, the 3rd July 1893, No. 2060-MW.

Accounts.

I am directed to acknowledge the receipt of your letter No. 2040, dated 25th March 1893, forwarding, for sanction, a revised estimate, amounting to Rs. 9,022, for the construction of quarters at Hubli for two sergeant-instructors of the Southern Mahratta Railway Volunteer Corps, and asking for an allotment of funds during the current year for the purpose.

2. In reply I am to state, for the information of His Excellency the Governor in Council, that the Government of India approve of the revised designs and estimate, subject to the following modifications.

The cook-houses are each twice as large as they should be, and should be halved in area in accordance with type plan 18A—B.L. series.

The commodore and galvanized iron buckets should be struck out of the estimate.

3. The Government of India also sanction a special grant of Rs. 11,000 (including establishment, &c., charges) from the reserve with them for Military Works, for the execution of the work during the current year.

No. 73. ORDER THEREON, 11th July 1893, No. 4496.

The sanction of the Government of India communicated to the Provisional Commander-in-Chief.

2. Attention is invited to para. 2 of the Government of India letter.

For orders.

The Govt. of India³
direct that the grant for
this work at Hubli in
the Bombay Presidency
should be taken as an
addition to the P.W. grant
of the Madras Presidency.
This is possibly a mistake.
The L. of I has, apparently,
overlooked the fact that
neither Hubli nor the
S. Mahratta Railway is
within the jurisdiction of
this Dept.

Before accepting the
grant, therefore, a telegram
might be sent to the Govt.
asking for further instructions.
