Letter from the Superintending Engineer, I Circle, dated 9th Feb. 1894, No. 2455 G.D.
Office-note from Examiner, Public Works Accounts „ 26th „ „ „ 739 D.

Office-note from the Examiner, Public Works Accounts, dated Madras, 14th March 1894, No. 977 A.

In my No. 739 D., dated 26th February 1894, I stated that the question as to rates of pay admissible to officers who had entered or passed out of the colleges before 28th September 1893 would be referred to the Accountant-General, Public Works Department. Before this reference was made, however, I received Circular No. X, dated 28th February 1894, from the Accountant-General, Public Works Department (copy attached), which disposes of the question.

2. The resolution of the Government of India, No. 2523 G., dated 28th September 1893, is, however, silent (i) as to whether an Assistant Engineer, 2nd grade, now in the department should draw, on promotion to 1st grade, presidency allowance and presidency house rent as an Assistant Engineer, 1st grade, or at the rates applicable to Executive Engineers old 4th grade; and (ii) as to whether an Assistant Engineer (old) 1st grade graded as Assistant Engineer, 2nd grade under the new classification should be allowed presidency house rent at Rs. 30 or only at Rs. 20 per mensem. I would request that an authoritative decision on the point may be obtained from the Government of India.

ENCLOSURES.

Circular from the Accountant-General, Public Works Department (Establishment), dated Calcutta, 28th February 1894, No. X.

The Engineer-in-Chief, Ujain-Bhopal Railway.

The following is forwarded to the officers noted on the margin for information and guidance.

From the Examiner, Public Works Accounts, . . . , to the Accountant-General, Public Works Department, dated 29th December 1893, No. 11768.

With reference to Government of India Public Works Department Resolution No. 2523 G., dated 28th September 1893, I have the honour to inquire what pay should be passed to Assistant Engineers, 1st grade, on the old organization who have now become Assistant Engineers, 1st grade, on the new.

2. Hitherto I have passed them salary at the rate of Rs. 600 per month in accordance with paragraph 3 of the Resolution, and the travelling allowance of an Assistant Engineer, *i.e.*, daily allowances of Rs. 4 *per diem*. To such Assistant Engineers, 1st grade, as have also been notified as Executive Engineers, 4th grade, old scale, I have given Rs. 600 salary and the travelling allowance of an Executive Engineer in accordance with paragraph 5 of the Resolution. Those Assistant Engineers, 1st grade, on the old organization who became Assistant Engineers, 2nd grade, on the new draw Rs. 500 pay under paragraph 3 of the Resolution.

3. These rates of pay appear to me to accord with the clear wording of paragraph 3 which says "others" — that is, Assistant Engineers, 1st, 2nd and 3rd grades now in the department and students already entered at Cooper's Hill — "will continue to draw the present rates of Rs. 600, Rs. 500 and Rs. 350 rising to Rs. 400 after three years' approved service if not promoted at the end of three years." This wording is so clear that I have had no doubt about the matter.

4. * * * * *

. . . It is clear from paragraph 2 that the men who will enter Cooper's Hill next term will draw Rs. 550 per month when they attain the rank of Assistant Engineer, 1st grade, and therefore, if the men now in the department are only to draw Rs. 550 in that rank, the provisions of paragraph 3 are rendered null and void so far as they are concerned.

5. * * * * *

From the Accountant-General, Public Works Department, to the Examiner, Public Works Accounts, . . . , dated 8th January 1894, No. 52 E.

In reply to your letter No. 11768, dated 29th December 1893, I have the honour to state that I entirely concur with you in the views expressed therein.

Order—dated 24th March 1894, No. 810 W., Public Works.

The Accountant-General's circular will be communicated to officers concerned for information.

2. The question raised in paragraph 2 of the Examiner's note will be referred to the Government of India for orders.

With reference to the Superintending Engineer's no. 2313 G.D / 17.1.94 (herewith) I have the honour to request that you will be good enough to have the matter laid before Government for their decision.

I must confess that the meaning of para 3 of the Resolution from the Government of India appears to me so clear and

and precise as to admit of no doubt whatever; but I am quite unable to see how the words can possibly bear the meaning ascribed to them by the Examiner of P. W. Accounts.
