Copy of letter from the Canadian
Engineer South West Division
to the Superintendent Engineer South
West dated 10th March 1894. N^o 120.

I have the honor to inform you
that work on the collector's house
at Fuddalore in accordance with
estimate for Rs 3390 sanctioned in
G. O. N^o 224^W dated 25th January 1894,
was started on the 12th February,
from this date the collector virtually
vacated his house and placed the
entire building at my disposal.

2. The work allowed in the estimate
could of course have been done piece
meal, but this would have been a very
lengthy process, and the collector, if
he had remained in residence, would
have been much inconvenienced and
put to considerable discomfort and
he would in these circumstances
have been entitled to claim reduc-
tion in rent for reduced accom-
modation throughout the period
the repairs were in hand. I am
of

of opinion therefore that from the date he vacated the building viz 12th February, no rent should be charged, till the building is again fit for occupation.

3. The Estimate is not an ordinary petty repair Estimate, and the case is very similar to that reported in this Office N. 142 dated 20th June 1892, on that occasion the Sub collector vacated his house at Sindivanam and Government in their order N. 1878 dated 28th June 1892,

sanctioned the remission of the rent for the period the building was in the hands of the D.P. for the purpose of repair.

4. A similar ruling should be considered in the case

now reported - Hope the repairs will be completed early in April.

Submitted to the Chief Engineer P. W. Department for sanction under Code Vol. 1 Page 350 para 11 (a) of 11th Oct 92
