No. dated 188 .

Temporary Overseer V. Aravamuthu Aiyangar of No. 1 Party T.R.S. Madura, was lately transferred to No. 5 Party, North Arcot, but as there were some arrears of work belonging to No. 1 Party which it was considered advisable should be finished by him directly, he was, on being relieved in Madura, ordered into the head-office, to attend to it.

2. He joined here in the forenoon of 6th December 1893, fully equiped to enter upon field-duties as soon as he should be

ordered out, but owing to the work he was called in for having to be revised from beginning to end, he has been detained in Madras.

3. To pay for the keep of his horse and camp equipage, he was allowed horse allowance at the rate of Rs 30 per mensem, and the conveyance of his horse and camp equipage from Madura to Madras was sanctioned at the public expense.

4. The Examiner, P.W. Accounts however, states that the conditions of Civil Service Regulations Article 1188, involving a large amount of travelling at or near head quarters cannot be considered to be fulfilled in the case of the Overseer during the period of his employment in this office and declares the horse allowance and conveyance of his horse already paid to the Overseer, and the horse allowance claimed for January 1894 inadmissible.

5. The Overseer being on the temporary establishment is not entitled to presidency allowance or house rent, but to enable him to maintain his horse and camp-equipage which he was ordered to bring with him, in Madras, I request you will be so good as to specially recommend him for presidency allowance and house rent from the date of his joining.

Special sanction is also requested for the conveyance of the Overseer's horse from Madura to Madras.

It hardly seems true that the special circumstances set forth are sufficient to permit of sanction being accorded to the conveyance of the overseer's horse from Madura to Madras –

The overseer was ordered into Madras for office work, and he might have marched his horse to what was then supposed to be his final destination

seems no necessity
for having conveyed

Similarly I am
somewhat doubtful
if it would be right
to raise his pay in

These orders are still acted on –

This being so there seems no necessity for the Exr Engineer to obtain this change, which does not apparently require any further orders of Govt in order to admit of its being passed –

But I admit I think that the overseer's pay should be raised, because he passed an exam in Madras
