Resolution—The revised and budget estimates of revenue and expenditure for 1893-94 and 1894-95, respectively, are accepted by the Government of India for the amounts shown in the accompanying statement.

2. On a consideration of the progress of revenue and expenditure, the Government of India have increased the amount proposed as the revised estimate of revenue from Provincial Civil Works in charge of departmental officers in Madras by Rs. 10,000 and have reduced the amounts proposed as the revised estimates of expenditure on Provincial and Incorporated Local Civil Works in charge of departmental officers as follows :—

	Provincial Civil Works.	Incorporated Local Civil Works.
	Rs.	Rs.
Central Provinces	25,000	...
Lower Burma	...	40,000
Assam	...	25,000
Bengal	50,000	...
North-Western Provinces and Oudh	...	60,000
Bombay	1,50,000	75,000

3. In the final issues of the estimates for 1894-95 and in the estimates of future years the grants for original works should be distributed between "Works not commenced" and "Works in progress" in the abstract of expenditure by departmental heads.

4. The final issues of the Provincial and Incorporated Local Public Works budget estimates should be prepared for the amounts accepted and 70 copies * despatched so as to reach the Government of India not later than the 1st May 1894.

* 10 copies to Simla and 60 to Calcutta.

Order—Ordered that the foregoing be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Burma, Assam and Coorg.
The Agent to the Governor-General, Rajputana.

Ordered also that copies be forwarded to the Finance Department and to the Accountant-General, Public Works Department, for information.

ORDER—dated 30th April 1894, No. 1087 W., Public Works.

The revised and budget estimates of revenue and expenditure under Provincial Civil Works for 1893–94 and 1894–95 respectively, as shown in the statement annexed to the resolution of the Government of India recorded above, have been adopted in the final issue of the budget.

2. The revised estimate of charges for 1893–94 adopted in the preliminary budget amounted to Rs. 22,72,040, but the modification of grants subsequently sanctioned reduced the amount to Rs. 22,70,468. The Government of India having passed the estimate for Rs. 22,70,000 in round figures, a reduction of Rs. 468 has been made in the grant under "Stock and Suspense."

3. The budget estimate of charges for 1894–95, as shown in the preliminary budget, amounted to Rs. 24,25,000. The Financial Department having since reduced the assignment by Rs. 1,16,000, the allotments provided for items 6, 9, 12, 14, 17, 19, 20 and 23 of the preliminary budget have been withdrawn and the grant for the supply of tents to Public Works officers has been reduced by Rs. 13,000.

4. The transfer of funds proposed by the Superintending Engineer, I Circle, in his letter No. 2708 G.D., dated 18th March 1894, has been sanctioned and adopted in the budget.

5. The alterations referred to in the letter from the Inspector-General of Jails No. C/530, dated 5th March 1894, communicated with the Proceedings * of the Judicial Department recorded above, have been carried out, but it has not been possible to provide an allotment for the new jail at Cuddalore as recommended. Adverting to paragraph 2 of the Inspector-General's letter in regard to the entry of an allotment for alterations to the District Jail at Cuddapah, it is observed that the work was brought forward by the Inspector-General himself in the list submitted with his endorsement No. 4504, dated 29th September 1893, and as it appeared from the accounts that there was an unspent balance of estimate of Rs. 5,325, that amount was provided in the preliminary budget. The amount has now been withdrawn.

* No. 680, dated 16th March 1894.

6. The grants for items 7, 22, 53, 55, 57, 63 and 83 of the preliminary budget have been reduced and those for items 33, 42, 52 and 96 increased so as to accord with the unspent balances of the sanctioned estimates. This has been rendered necessary owing to reappropriations of funds having since been sanctioned for the items in question in 1893–94.

7. The amount required for incomplete works will be provided from the reserve on receipt of detailed proposals from Superintending Engineers and the Consulting Architect. These should be submitted as early as possible.

8. A sum of Rs. 600 has been reserved in the budget for the conservation of archæological works. Detailed proposals for utilising the amount should be submitted by Superintending Engineers as early as practicable.

9. The allotments provided in the budget for Agency works in the Vizagapatam district will be placed at the disposal of the Agent to the Governor in separate Proceedings.

10. The grants applied for by the Chief Engineer, Military Works, Madras Command, for expenditure on minor works and repairs at Bangalore and Wellington have been provided in Part II.

11. Superintending Engineers will make proper arrangements for the early submission of plans and estimates for the unsanctioned works provided with allotments. No expenditure should be incurred on those works until the estimates have been sanctioned by competent authority.

12. The distribution of grants for minor works and repairs is shown in Part II, and that for tools and plant in Part IV.

13. The sum of Rs. 17,000 provided for the supply of tents to Public Works officers has been distributed among circles in G.O., No. 885 W., dated 31st March 1894.

14. The net debit to Provincial Civil Works on account of establishment, as shown in the preliminary budget, was Rs. 5,43,045. This debit has been increased to Rs. 6,52,502 in the final budget in consequence of a reduction in the allotments under other funds for which works are carried out by the Provincial establishment and a corresponding reduction under the head of contributions.

15. With reference to letter from the Government of India No. 132 A.—C. W.* dated 6th July 1892, appendix C will be submitted as a separate document in continuation of the final issue of the budget. The Examiner of Public Works Accounts will expedite its submission.

* G.O., No. 2040 W., dated 22nd July 1892.

16. In accordance with the instructions contained in paragraph 3 of the Government of India resolution recorded above, the grants for original works have been distributed between "Works not commenced" and "Works in progress" in the abstract of expenditure. This distribution will, as required, be shown in the budget estimates of future years also.

17. With these remarks, the final issue of the Provincial Civil Works budget estimate for 1894–95 will be printed and circulated for the information and guidance of the officers concerned, and 70 copies, as shown in the margin, will be forwarded to the Government of India, Public Works Department.

Proceedings of Government, Financial Dept. „ 7th Dec. 1893 „ 1243.

Read—again the following paper :—

Proceedings of Government, Financial Department, dated 17th January 1894, No. 35.

ORDER—dated 6th February 1894, No. 320 W., Public Works.

In the Proceedings recorded above, the Financial Department has assigned a grant of Rs. 24,25,000 for expenditure on Provincial Civil Works in Madras during the year 1894–95.

The amount has been distributed as shown below :—

Original Works.

	Rs.
Civil buildings	10,47,853
Communications	17,400
Miscellaneous public improvements	...
Minor works	1,00,000
Reserve with the Government for incomplete works	2,79,456
Total, Original Works	14,44,709

Repairs.

Civil buildings	1,55,400
Communications	1,30,800
Miscellaneous public improvements	13,800
Total, Repairs	3,00,000
Total, Original Works and Repairs	17,44,709
Establishment	5,43,045
Tools and plant	1,37,246
Grand Total	24,25,000

2. In accordance with G.O. No. 525 W., dated 28th February 1893, heads of departments have submitted budget estimates for original works costing over Rs. 500, and Superintending Engineers for original works costing Rs. 500 and less and for repairs. The allotments for works have been fixed by the Budget Committee in accordance with the procedure approved in G.O. No. 2856 W., dated 11th October 1883. The works for which funds have been provided are shown under class A, while schedule B contains works for which no allotments have been made but which can be brought forward during the year should funds become available hereafter.

3. The Board of Revenue and the Surgeon-General with the Government of Madras omitted to arrange the works in their budget lists in the order of urgency as required by G.O. No. 525 W., dated 28th February 1893. This omission should be attended to in future.

4. Separate allotments have not been provided for individual minor works brought forward by heads of departments. Works of this class should be carried out from the lump sum grants placed at the disposal of Executive Engineers.

5. The amount required for incomplete works will be provided from the reserve on receipt of detailed proposals from Superintending Engineers and the Consulting Architect. These should be submitted as early as possible after the close of the current official year.

6. The demands under minor works and repairs amount to Rs. 1,16,620 and Rs. 3,48,603 respectively, but it has not been practicable to provide grants of more than Rs. 1,00,000 and Rs. 3,00,000 under these heads.

7. The distribution of grants for minor works and repairs is shown in part II of the budget and that for tools and plant in part IV.

8. The allotments required for Agency works in the Vizagapatam district have been provided in the budget with reference to G.O. No. 2700 W., dated 24th October 1893. They will be placed at the disposal of the Agent after issue of the final budget.

9. With reference to G.O. No. 2638 W., dated 16th October 1893, a sum of Rs. 600 has been provided for the conservation of archæological works. Detailed proposals for utilising the amount will be submitted by Superintending Engineers.

10. The allotments applied for by the Chief Engineer, Military Works, Madras Command, for expenditure on minor works and repairs at Bangalore and Wellington have been provided in part II.

11. The cost of establishment for 1894–95 is estimated at Rs. 21,79,367 or Rs. 25,187 in excess of that for 1893–94. The increase is due to the provision for exchange compensation allowances. The net debit to Provincial Civil Works is Rs. 5,43,045 or 31·1 per cent. on the grant for works. In the current year the percentage is 28·3. The excess for next year is not due to any expansion of the establishment, but to the fact principally that the charge to Provincial is a fluctuating amount which is governed by the contributions made from other funds for which works are carried out. For next year there happens to be a fall in the aggregate amount of the allotments sanctioned for such works, and the result is a proportionate increase in the charge to Provincial funds on account of establishment.

12. A sum of Rs. 30,000 has been reserved in the budget under tools and plant for the supply of tents to Public Works officers. This amount will be distributed on sanction being accorded to the estimates which have been called for from Superintending Engineers.

13. As the net result of transactions under "suspense" is not expected to show either increase or decrease in the accounts for 1894–95, part VI of the budget has been omitted.

14. With reference to letter from the Government of India No. 132 A.C.W.,* dated 6th July 1892, appendix C will be submitted as a separate document in continuation of the final issue of the budget.

* G.O. No. 2040 W., dated 22nd July 1892.

15. Appendix D has been omitted in accordance with the instructions contained in paragraph 6 of Government of India Resolution No. $\frac{18}{B.O.}$ A.C.W.,† dated 23rd March 1893.

† G.O. No. 1013 W., dated 12th April 1893.

16. Superintending Engineers will make proper arrangements for the early submission of plans and estimates for the unsanctioned works provided with allotments.

17. The budget estimate of receipts for 1893–94 was fixed at Rs. 1,50,000, but the revised estimate has been reduced to Rs. 1,04,400 on consideration of the actuals for the first five months of the year.

18. The difference between the budget and the revised estimate of charges for 1893–94 is due to the following causes :—

(*a*) Surrender to the Financial Department of the allotment for the new Women and Children's hospital at Madras.

(*b*) Transfer to the Agent, Vizagapatam, of the grant for Civil Agency Works.

(*c*) Transfer to the Educational Department of the grant for the machinery for the College of Engineering.

19. With these remarks the preliminary issue of the Provincial Civil Works budget for 1894–95 will be printed and circulated to the officers concerned and four copies forwarded to the Government of India, Public Works Department.

FOR ORDERS.

The last phase in the financial situation shows that we shall not have to cut down the Public works Budget by more than 1 lakh - instead of two. This will enable us to restore Items 19(44)*75 - together 40000 - which should most certainly be continued. As to the other 60,000 - I must leave it to the Revenue Dept. to say which of those proposed to be cut out by the Chief Engineer ought to be restored.

P.S. 10/3R13/3.

1,000—20-2-93.

Items 44 & 75 are the only two in which a partial reduction of the grant proposed in the preliminary issue of the budget is recommended, as they are the only two in which the grant is large enough to enable a reduction to be made without giving up the whole grant.

The remaining items are all works which have not yet been commenced and for which the original grants were not sufficient to complete them in a single year.

It is considered that works combining these two conditions should be the first to be reduced, as it is bad policy either to stop works already begun or having allotted money sufficient for the completion of a work, to reduce the grant so as to spread its construction over another year.

As the budget will stand after these reductions are carried out provision will be made for the completion during the year of all buildings begun with the exception of items 5, 13, 15, 16, 18, 21, 24, 35, 36, 37. all of which are works in progress, and for which the allotments are as much as it is

In all cases except
items 74 & 75 the principle
has been adopted of
withdrawing grants

than reducing them.
The reduction in
the grant for Tools

the effect of reducing
the amount that can

jail. This is a most desirable work, the execution of which will, it is hoped, improve the health of the jail, and it should be brought on the class A list, if possible. The estimate has been sanctioned.

3. Class B works Item 56 in this list relates to a project which has not received my sanction or that of Government, and which, in the present state of public finances will have to be indefinitely postponed. The item should, therefore, be omitted from the Budget. I understand from the Executive Engineer, South Arcot, that the plans and estimates for Item 55, which have been referred back by Government for modification, will be resubmitted at a very early date, and as the commencement of the new jail at Cuddalore is very desirable, I trust that a small allotment under Class A works may be made for this work.

READ the following paper:—

From the Inspector General of jails, Dated 5th March 1894, No C/530.

I have the honour to acknowledge the receipt of G. O. 26th February 1894. R. No. 231 Judicial communicating the Preliminary Issue of the Provincial Civil Works Budget for 1894-95. As the final Budget estimate is now under consideration, I beg to submit the following recommendations for the consideration of Government.

Not Covered by P.W. Secretariat

2. Class A. Works. Item 56. This entry is, I believe, erroneous. When I inspected the Cuddapah District Jail in January last, I was assured by the then Executive Engineer that all works in the Jail had been completed, and it is unlikely that further work to the value of Rs 5325 remains to be done. I know of no Public Work remaining incomplete in this Jail. The Superintending Engineer is being addressed. In the meantime I request that the allotment provided for Item 56 may be given to Item 53, Class B works, the construction of a female ward and other improvements to the Berhampore District Jail

4/4.
