Ag. Chief Engineer, Madras

No. 1089, dated 8th July 1894.

With reference to G.O. No. 1013 W dated 16th May 93, and your letter No. 184 dated 19th June 1893, to the Chief Secretary to Govt., I have the honor to state that I have reported to Govt. that there is no room available in the old High Court Buildings to locate the Town Magistrates and their Offices.

I enclose plan of the existing Town Magistrate Court and request that you will kindly let me have any suggestion for improving and adding to it. If only 3 cells would be made for prisoners the large cell near the Court may be made available for a Clerk's Office or Records room; the prisoners will then be kept further from the Court. Further additions may be made on a third storey over the Clerk's room on the North side.

New buildings put up at #116 (see plan of basement floor) are likely to shelter the lower Court, Complaints about which were made soon after erection, in consequence of which an agreement was made for better light.

Shalls for cattle may be built at C in the

Open space on the West side of the building.

Copy of a communication from the Presidency Magistrate
Madras to the Consulting Architect

to Government, No. 144 dated 28th July 1894.

With reference to your letter No. 1059
of the 8th instant to the Acting Chief Presidency
Magistrate, I have the honor to inform you
that my colleagues Mr. Sultana Mohideen
and I do not approve of any building
being put up at the sides of the town Court
as you state that they are likely to darken
that Court. Both of us are also strongly
averse on sanitary grounds to the erection
of a cattle shed in the open space to the
West of the building. In these circumstances
I request that you will leave the Court
house in its present state.
