No. 17507C

OFFICE OF THE SUPERINTENDING ENGINEER,

6th CIRCLE,

Trichinopoly, 22nd February 1894.

FROM

Lieut. Col. A. W. Smart R.E.
THE SUPERINTENDING ENGINEER,

6th CIRCLE.

TO

THE

Chief Engineer,
P.W. Dept.

SIR,

ENCLOSURES.

With reference to G. O. No. 1289
dated 17th January 1894, I have the
honour to ask orders with regard to the
two pieces of land purchased and used
as a sewage farm near the Pooner
Lines. It is not known in this office
by whom the proposal to purchase the
land was made nor how the farm
is to be worked. I would suggest
that the land be purchased by the
Military Department and after the
construction of necessary outfall
drains & distribution that the farm
be given over to any ryot who may be
willing to work the farm under rules
and regulations to be drawn up for
his

but guidance. Whether it should
be planned or not may be left
for further consideration; if consen-
sion is given, it may be changed.
I may mention that I
propose to work out a scheme for
the drainage of the South Lines by
means of underground pipes to dis-
charge on to land; this is now in
hand. In the case of the Pioneer
Lines the drains are open ones,
the night soil being kept separate.
It seems to me probable that
unless pipe drains are substi-
tuted for the open ones, that
it will not be possible to
work the sewage system properly
and satisfactorily. As
all the Lines will be shortly sup-
plied with water under the new
Water Works it will be easy to
thoroughly flush underground
drains every day. This will be
arranged for in the case

the South & in

871/2

I have the honor to be
Sir
your most Obedt Servt
Ambrs Linnell Esq
Superintd Engineer
Whitby

, dated

Refers to from the Suply. Engr. in Circle,
suggests that the two acres of land
to be used as a sewage farm near the
Ponceas line at Frichimopolis be
purchased by the Milly. Sept.

Returned to the Public
Department with a copy of
1748 dated 14th March 1893, for
which it will be seen that
proposal to purchase two
of land adjoining the Pioneer
Lines at Trichinopoly was made
by the Military Authorities and
that the local Municipality
agreed to take over the land and
work it as a Sewage Farm at its
own expense.
