9TH JANUARY 1894, No. 46 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

ORDER—dated 9th January 1894, No. 46 W., Public Works.

His Excellency the Governor in Council observes that considerable delay often occurs in commencing sanctioned buildings owing to the land on which they are to be erected not being handed over to the Public Works Department by the local Revenue authorities. Funds assigned for the works are thus not fully utilised, and, not infrequently, lapse altogether.

2. To guard against this in future, His Excellency in Council directs that on sanction to an estimate being communicated, immediate steps will be taken by the Collector concerned, on the requisition of the Superintending Engineer, to frame the requisite draft notification for the acquisition of all private land that may be needed. Should funds have been previously allotted for the work, the notification will be at once published in the *Fort St. George Gazette* and the land will thereupon be required in regular course. When funds are not available, the publication of the notification will be deferred by Government so long as may be necessary.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Inspector General of Police,
 Madras, dated 19th February 1894, No. 832.
 I have the honor to bring to the notice
 of Government the state of the Police Station
 at Talasallyan in the Vizagapatnam District
 constructed in 1872 at a cost of Rs. 807. The
 Superintendent of Police reports that the Station
 House is in an unsafe condition and that in
 cracks have appeared in the walls over the
 doorways and windows which are gradually
 widening and extending to the foundation and
 in the landing some loose stones and binding stones
 are visible in 1889. The Executive Engineer has
 inspected the building and from the enclosed copy
 of his report it will be seen that he proposes
 the construction of a new Station House to replace
 the present one.
 2. I have seen the Station House and built
 They are on a low damp and unhealthy site
 under the level of the bed of a tank a
 few yards off.

2. Under these circumstances I beg that Government may be pleased to sanction the construction of a new 2nd Class Station house and 6 huts on a good site which has been selected at my suggestion at a distance of half a mile from the present Station house. A rough site plan is enclosed.

4. The proposed work was included in Stationer B. (Items 4 and 5) referred to in G.O. No. 24487, dated 28th November 1893. L.D. 1315348529

The present 6 thatched huts were built in 1875-76 and cost Rs. 150. The Superintendent of Police reports that the Station house and the huts if sold may probably realize Rs. 300 or 400.

If my proposal is sanctioned I beg that orders may be issued for the preparation of plans and estimates by the S. P. W.

Order, 3rd March 1894, No. 503

The Inspector General's proposals for the construction of a new 2nd Class Station house & 6 huts for the Police at Tallapet in the Vizagapatam District are approved subject to such orders as may hereafter be passed for the revision of the existing type design for Police huts.

The necessary orders for the preparation

preparation of plans and estimates will issue in the Public Works Department (True Extract)
