Letter from the Sub Division Officer,
North Sahar No 696 of 24th Feb 1894,
to the Executive Engineer, Buckingham
Canal.

754

I have the honor to report that for
the 3 ton boat employed for the clerk
and records of the Northern Sahar
Rs 8/- is paid monthly, of this sum
Rs 6/- is paid for the man in charge
who is utilized for steering the boat
when on the move so that the owner
only gets Rs 2/- for the loan of the boat
which is a small one. I explained
this arrangement to the Sub Engineer
in December last, when that officer
visited the Canal, and he was pleased
to say that it was a very cheap one.

2. The boat is necessary for conveying
records &c. as when I joined the Sub
in March last being new to it
and heavy clearances being in progress,
I found it difficult to manage the
Office work, preparation of numerous
bills and the making of payments
to Piece workers without the necessary
records and clerk in camp. After
the 31st March, the boat will not be
needed as the bulk of the work next
year will be in the North of the Sahar
the Office and clerk for 1/2 the month
can be located at Kottapaham.

so that sanction for this boat
will only be necessary up to the end
of this official year
