GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following paper:—

G.O., dated 12th March 1894, No. 175, Public.

Read—the following letter from Surgeon-Major-General W. F. deFABECK, M.D., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 13th November 1893, No. 590:—

I have the honour to forward, for submission to Government, copy of a letter from the Resident Medical Officer, General Hospital, stating that the coach-house attached to his quarters has insufficient accommodation and the position of the present stables is undesirable from a sanitary point of view.

2. I agree in the above opinion and have ascertained that the cost of removing the existing coach-house and stalls and reconstructing them elsewhere will be Rs. 1,000 and of building a new coach-house Rs. 650, making a total expenditure of Rs. 1,650. A block plan showing the present position of the stables and the proposed site is enclosed.

3. I request that Government will be pleased to sanction the work and call upon the Consulting Architect to prepare the necessary estimate.

Enclosure.

Memo. No. 7[illegible]

Has the honour to state that the coach-house attached to the Resident Medical Officer's quarters is only large enough to hold one carriage and as undersigned has two he requests accommodation may be provided for the second. The present position of the stables is undesirable from a sanitary point of view, and undersigned would therefore suggest beginning their transfer to near the Cooum by building a small coach-house there to which stalls, &c., could gradually be added on and the stables eventually be much further from the Resident Medical Officer's actual dining and sleeping rooms.

(Signed) C. L. WILLIAMS, Surgn.-Capt., M.D., I.M.S.,
Resident Medical Officer.

27th September 1893.

To the Senior Medical Officer.

Memo. No. 736.

Has the honour to forward the above memorandum for favorable consideration.

(Signed) W. PRICE, Brig.-Surgn.-Lieut.-Col., M.D.,
Senior Medical Officer.

28th September 1893.

To the Secretary to the Surgeon-General with the Government of Madras.

Read—the following letter from Surgeon-Major-General W. F. deFABECK, M.D., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 25th January 1894, No. 88.

With reference to Public Department memorandum No. 2099 of the 23rd November 1893, I have the honour to forward a ground plan of the General Hospital and grounds showing another site for the new coach-house and stalls for the Resident Surgeon.

2. This site is further removed from any other buildings in the compound and is in my opinion the best available in the space left to build on.

No. 248.

There is nothing to show that the site now selected is not in objectionable proximity to some of the buildings of the Medical College on the other side of the wall. The Surgeon-General is requested to state what are the nearest of such buildings and at what distance they are from the proposed site of the stables. The point marked with a red cross would seem to be a better site.

(Signed) J. F. PRICE,
Chief Secretary.

10th February 1894.

To the Surgeon-General, with plan.

Read—the following letter from Surgeon-Major-General W. F. deFABECK, M.D., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 27th February 1894, No. 179.

With reference to Public Department memorandum No. 248, dated the 10th February 1894, I have the honour to enclose, for the information of Government, copy of a letter No. 1266, dated the 19th instant, from the Senior Medical Officer, General Hospital, from which it will be seen that the site already proposed and marked with a blue cross is the only unobjectionable one; it is in proximity not to the wall but to the railing separating the Medical College from the Hospital.

2. The site suggested in your memorandum is reported to be quite close to the dissecting rooms and therefore unsuitable.

3. The plan is herewith retransmitted.

ENCLOSURE.

From Surgn.-Lieut.-Colonel W. R. BROWNE, M.D., Acting Senior Medical Officer, General Hospital, to the Secretary to the Surgeon-General with the Government of Madras, dated Madras, 19th February 1894, No. 1266.

In reply to your memorandum No. 813, dated 14th instant, forwarding memorandum No. 248 from the Chief Secretariat in which it is stated that "there is nothing to show that the site now selected is not in objectionable proximity to some of the buildings of the Medical College," I have the honour to state, on the matter being referred for a change of the site as originally fixed by the Resident Medical Officer, that the Senior Medical Officer and the Resident Medical Officer went over all the available area and fixed upon the site in proximity to the railing (not wall) separating the Medical College from the Hospital as the only unobjectionable place. The site suggested in the memorandum under reference (marked with a red cross) is quite close to the dissecting rooms and is therefore unsuitable.

Order—dated 12th March 1894, No. 175, Public.

The proposed site is approved. The papers will be transferred to the Public Works Department.

(True Extract.)

(Signed) L. DAVIDSON,
Ag. Assistant Secretary.
