OFFICE NOTE.

The Superintendent, Government Press, submits that the Press was in telephonic communication with the Revenue Survey office through the Board of Revenue when it was at Chepak, and work between the two offices was expedited by this means. Owing to the removal of the Survey office to the Mount Road, there is much delay in communicating by letter, and the work is hindered. The undersigned solicits that the Revenue Survey office may be placed in telephonic communication with the Press, as so much lithographic work is done for Government Orders and other work belonging to the Press.
