GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Civil Works.

Read—the following papers :—

Memorandum dated 9th January 1894, No. 44 C., Public Works.

Read—the following letter from the Director-General of Telegraphs, dated 11th December 1893, No. 6375 :—

I have the honour to address the Government of Madras on the subject of the continuance of a Telegraph office at Wandiwash.

2. In the correspondence which ended with your letter No. 440 W., Public Works, dated the 12th of February 1892, it was decided to arrange for the construction of a cheap experimental line of telegraph to Wandiwash among other places. An office at Wandiwash was accordingly opened, on the 19th April 1892, connected to Arni by the cheapest form of temporary line. The revenue of the Wandiwash Telegraph office has averaged Rs. 37 per mensem, or Rs. 444 per annum. The working charges, which I may remark include interest on the capital outlay, depreciation and maintenance charges, amount to Rs. 1,250 per annum. The temporary posts which were used in constructing the temporary line are now in need of extensive renewals. If the office at Wandiwash is to be maintained permanently, it will certainly be cheaper to at once reconstruct the line with iron posts.

3. I shall be obliged if I may be informed of the wishes of the Government of Madras as to whether the Wandiwash extension is to be maintained or not, and if the former, temporarily or permanently. The financial prospects of the scheme have proved so far so unfavorable that I am obliged to ask the Madras Government for a guarantee to make good any sum by which the telegraph share of the receipts from the despatch of messages from Wandiwash fall short of Rs. 1,250 per annum, or Rs. 980 per annum, calculated according to the decision of the Madras Government to maintain the office for a further period experimentally or permanently.

Referred, through the Revenue Department, to the Collector of North Arcot for remarks on the subject of paragraph 3.

Proceedings of the Board of Revenue (Land Revenue), dated 27th February 1894, Mis. No. 1027.

Read—the following letter from W. J. H. LE FANU, Esq., Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue, dated Chittoor, 6th February 1894, No. 545 Rev. Gl. :—

With reference to Government memorandum, dated 9th January 1894, No. 44 C., Public Works Department, communicated with the Proceedings of the Board of Revenue, dated 25th January 1894, Mis. No. 337, I have the honour to state that the difference of Rs. 536 between the receipts in the Wandiwash Telegraph office and the expenditure for maintaining the same is heavy; but the advantage in administration to all departments is great. Wandiwash is an out-of-the-way corner difficult of access, and tappal is slow. I would recommend the retention of the line. The taluk is the scene of very large irrigation operations and it is most desirable in case of emergency that the Revenue and Public Works Department authorities should be able to communicate rapidly with the subordinates on the spot.

Reference thereon, dated 10th February 1894.

The Collector is requested to return the memorandum of the Public Works Department forwarded to him with Board's Proceedings, dated 25th January 1894, Mis. No. 337.

Read—the following letter from the same officer, 21st Feb. 1894, No. 833 Rev. Gl. :—

With reference to Board's reference on Sub-Register No. 333, dated 10th February 1894, I have the honour to return herewith the memorandum of the Public Works Department received with the Board's Proceedings, dated 25th January 1894, Mis. No. 337.

Resolution—dated 27th February 1894, Mis. No. 1027.

Submitted to Government with reference to its endorsement, dated 18th January 1894, No. 110 R., on the memorandum of the Public Works Department, dated 9th January 1894, No. 44 C.

2. The Board supports the Collector's recommendation.
