Cannanore Division Office
Camp, Cannanore, January 1894.

To

X

The Executive Engineer
West Coast Division
Calicut.

Sir,

With reference to your endorsement
No 179 dated 30-10-93 on the
enclosed letter from the Dy Collector
of Malabar, I have the honor to
state that I inspected the Kallai
and Kundole sea Customs Building
situate on the right bank of Mache
Prins and I consider the building
in a very unsafe condition and
not worth repairing. The Superin-
tendent could not tell me when
the building was erected, but from
the enquiries made, an old moolah
said it was more than 50 years old.
The building is two storied, and
masonry, laterite in mud, and
walls cracked in several places,
but now hidden with a heavy coat

of plastering and roof bamboo
and Catjan. There are 2 Joists
in the second floor cracked.
The building which has a low
basement and being so near
the river the high floods during
the monsoons nearly submerge
the basement.

2. I would strongly
recommend that the building
be vacated at once and a
two storied one be erected on the
same site as it commands a
good view but with a 5 foot
basement in order to keep the floor
well above the high floods in
the river. The low river bank
should be raised and revetted
with stone also.

3. I enclose plans of the
lower and upper story of the
present building. I have to

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read *the following Proceedings*

of the Board of Revenue (Separate Revenue)
 dated 14th February 1894, N^o 875 Ins. on letter
 from the Collector of Malabar, dated
 27th January 1894, N^o ²⁷/₅₂₀.

It was brought to my notice
 in the latter part of 1892, that the present
 Sea Custom House building at Kallai is
 a very old one and that it is unsafe to
 attempt any repairs to it. The Executive
 Engineer was therefore requested in
 December 1892 to have the building inspected
 at an early date, and to favor me with
 his opinion as to the safety of the build-
 -ing. From the enclosed copy of the
 Sub-Divisional Officer's letter N^o 118
 dated 9th January 1894, received with
 the Executive Engineer's endorsement
 N^o 31 Ins. dated 16th January 1894, it will
 be seen that the building is in a very
 unsafe condition and not worth repair-
 -ing. The Executive Engineer recommends
 that a new building should be constructed
 on the same site.

I have therefore the honor

Copy attached.

to request that Government may be moved
to instruct the Public Works Department
to prepare the necessary plans and estimates
at a very early date.

Resolution.

Submitted for the
approval of Government with reference
to the G. O. P. W. D. Communicated in
G. O. P. D. dated 22nd October 1892 in
N^o 4644.

Order thereon 12th March 1894 No. 1076.

The proposal to construct
a new building for the Sea Customs House
at Kallai is approved. Orders will issue
to the Public Works Department for the
preparation of the necessary plans and
estimates.
