Dear Sir,

The waste opposite the Caste
and Ghosha Hospital and containing
a pond used by some for drinking pur-
pose is not kept in a sanitary
condition. It should in my opinion
and Mrs. Wells's be attached to the
Hospital as a recreation ground
for women and planted with the
rose, the Jessamine, the Gulabi
and other plants appreciated by
ladies. I can improve it at
my expense if you kindly permit and
wish to arrange for an evening party
of native ladies to meet Mrs. Wells
and European ladies on Saturday

Letter from the Consulting Architect to Government No. 3495 d/14th March 1894

FOR ORDERS.

Previous attempts to

obtain possession of this ground were made by Mr Sankariah

in April and August 1893, and

negatived by Government; the

present proposal for an

evening party looks very much

like the thin end of the wedge,

and should, I think, be declined

This is the very bit of ground, which we have selected for the Hostel - and its compound.

But so long as Sankariah is distinctly told that he can never expect to have the ground for the garden etc. I see no objection to his having his garden party there - I believe Mr.

Phis is going - but he will have to undertake the necessary arrangements - which will I suppose be done with batteries. The grounds must not be alienated.
