Madras 25th April 1895
To. The General Supt. P. W. Workshops, Madras.

Sir,

I beg to bring to your kind consideration that I was first appointed in this Department as a clerk V class 1st grade on the 10th June 1889 in N^o. II Periyar Division on an enhanced pay of Rs 17½ per mensem, and in the same capacity I was working about a year and a half. While I was working under you at Paranaik, I was promoted to Rs 30 as clerk IV class 3rd grade and transferred to N^o. I Periyar Division by the Suptg. Engineer Periyar Project Works. After serving a year there, I was again promoted to Rs 40 as IV class 2nd grade and lastly to Rs 45 as IV class 1st grade. Now in consequence of the Chief Engineer's Memo N^o. 402 of 2nd February 1895, I was recommended by the Supt. of Works N^o. I Periyar Division to take up a permanent appointment as a clerk V class 1st grade (Rs 15-20) in your office.

2. As I have been serving in this Department since 10th June 1889 without any break of service for about 6 years continuously, drawing higher salaries and as it is found very difficult to live upon here with this small sum of Rs 15 in this Town of Madras, I beg that the Suptg. Engineer may be addressed to obtain the sanction of the Chief Engineer for the maximum pay of Rs 20, and to consider my claims when there comes a chance for promotion.

I beg to remain

Signed. L. Parameesiah, clerk
