From
G. P. Carlos Esqr
Ex. En. 2nd Grade

To
The Chief Engineer
Madras P. W. Dept.

G.O. 263 29-1-76
S.O. memo 468 21-2-76

Sir

I have the honor to bring to your notice that the late rule barring promotion to Executive Engineer 1st Grade until after the completion of 19 years services places me in a very disadvantageous position compared with other Officers who passed through Coopers Hill at the same time & that through no faults of my own

I passed out of the College in 1875 - proceeded to India in the troopship Euphrates landing at Bombay on the 6th of Febry 1876. By my late arrival my

services were not antedated to commence
from the 1st October 75 as was the
case with the rest of the men of the
same year - the consequence was that
I lost 5 months pay & service &
now by the recent rule about 19 yrs
service to qualify for Executive Supt
1st Grade I may be superseded
by my juniors in Grade in the Dept
The loss of the 5 months pay &
service was, I submit, unjust, as
I was able and willing to come out
so as to land before the 31st of
Dec. 75 but although I applied
I was informed that the troopships
were all full and consequently had
to wait - At the time I had not
the slightest idea of the great injury
this delay would cause me and consequently
did not press the matter as I should have,
In conclusion I trust that although
a long time has elapsed since I joined
the department justice may still be
done me and that you will recommend
that my services be antedated so as
to commence from the 1st October 75
so as to place me in the same
position with the rest of the men who
were in the same year at Cooper
Hill as myself —

I am, Sir
Your very obedient Servant
F. P. Carless
