GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Civil Works.

READ—the following papers:—

Endorsement in the Public Department, dated 25th February 1895, No. 381, on letter from Mr. A. C. Chidambara Mudaliar, Banker and Municipal Councillor, Trichinopoly, dated 15th February 1895.

From W. HUGHES, Esq., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 18th April 1895, No. 97 T.C.

With reference to your endorsement No. 777 C., dated 1st March 1895, herewith returned, I have the honour to forward a copy of letter from the Collector of Trichinopoly to the Executive Engineer, Trichinopoly Division, No. 960-Rev. of 1895, dated 31st March 1895, regarding the disposal of the building (village munsif's chavadi at Thennore, Trichinopoly) and to recommend that the matter be settled on the lines proposed by the Collector.

2. The estimated cost of the building in its present condition is Rs. 776 including value of site.

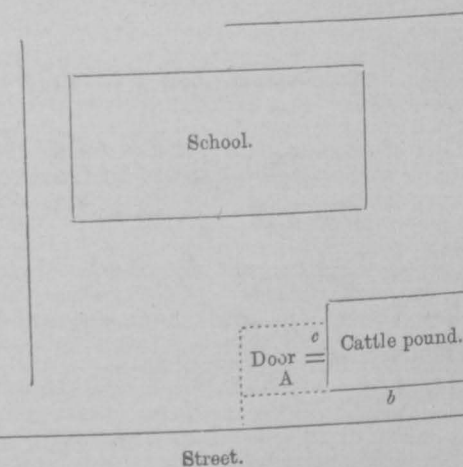

ENCLOSURE.

From the Collector of Trichinopoly, to the Executive Engineer, Trichinopoly Division, dated 31st March 1895, No. 960-Rev. of 1895.

With reference to your letter, dated 11th March 1895, being a reminder to your letter, dated 28th December 1894, I have the honour to inform you that the building is at present required by the Revenue Department as cattle pound and munsif's chavadi and it will be so required unless others are provided in their place.

2. The Rev. Mr. Wyatt, on behalf of the S.P.G., is anxious to purchase the building for school purposes, leaving the Revenue Department with the cattle pound which he does not require. To this I have no objection if he provides the Revenue Department with a chavadi for the village munsif. This he is willing to do, but it has not been found practicable yet to get a suitable site. I am ready, however, to give up the school building provided Mr. Wyatt will close up the door (c) of the pound as shown in this sketch, put up a proper wall to the pound on the side facing the street at "b" and build a chavadi on to the pound as in A, with a door facing the street and steps leading down to the street with space underneath for drainage water. I understand from the Deputy Collector that Mr. Wyatt is willing to accede to these conditions, and if he does the above-mentioned works and hand them over to the Revenue Department, I have no objection to your selling the school building to him.

Street.

Street.

3. I enclose a petition No. 243 of 1895, dated 4th instant, from A. C. Chidambara Mudaliar asking for the building and offering a higher sum. That would be a matter for your decision, but I cannot consent to part with the building unless the pound is left with me and a chavadi constructed as stated above; and as Mr. Wyatt has used the building as a school for some years, paying rent, and as it is used for public beneficial (educational) purpose and the present question has only come to notice on his request to be allowed to purchase the building, I would not recommend the building to be put up to auction or sold to Mr. Chidambara Mudaliar who only comes forward now with a proposal to start a chattram when he hears that Mr. Wyatt is likely to get the building. I would recommend it to be sold to Mr. Wyatt for a reasonable sum on his fulfilling the above conditions. The Head-quarters Deputy Collector will be able to afford you any information you may desire as regards the proposed alterations mentioned in paragraph 2 *supra*, as he was with me when I inspected the place and he has consulted Mr. Wyatt and I am going on leave in a few days. Please therefore address him if necessary and if you do not understand my sketch.

Respected Sir

I beg to bring the following
few lines to your kind consideration and
impartial justice.

Having been given to understand
that a Government Building situated in
General Bazaar Senior 22 Ward in the Taluq
of Trichinopoly, Trichinopoly Municipality —
occupied by the Village Munsiff as his Chavady
or pound is to be sold to Rev. Wyatt for the use
of Girl School, I applied to the District
Magistrate last year either to sell to me for the
purpose of using it as a poor house, to give
food and lodging to the destitutes or to
leave it in public auction so that it may be bid
out in open competition.

Now I am sorry to learn that the
building in question is to be sold very shortly by
S. P. W. authority to Rev. Wyatt in private sale for
the sum of Rs. 600 & odd.

the Town numerous girl schools maintained by the Missionaries and other persons but there is no poor house which I need not say is more useful and charitable than the former.

I further beg to point out that if at all the building is to be sold by private sale I most humbly request you will be pleased to order to sell to me as my late father one - A. Pachappa Gundaliga has sold to the Government in 1871, I think, the old Akhal's palace building at Fort Trichinopoly, which is now occupied by Municipal office and Government Normal School at the very low and nominal cost of Rs 2000 (Two thousand) during the time of Lord Roberts. The said building will properly worth more than 20000 (Twenty thousand), as my late father has parted the said building to the Government at low rate.

I request that the Government will be pleased to show me some concession to give the above said Chavady to me for the sum which the S. P. W. has disposed to sell to Rev. Wayatt so that it may be useful to a more beneficial institution and especially to the poor.

I pray that you will be pleased to write to the Executive Engineer or to the Dist. Magistrate as the case may be to stop the sale as I hear that the Ex. Engineer is prepared to sell it to Rev. Wayatt within a week.

For which act of kindness

I shall ever be grateful
I beg to remain
Respected Sir

Your most obedient & humble servant
