Dated 11th April 1895

From,

Major W. L. C. Baddeley ~~Esquire~~, R.E.
Superintending Engineer,
II Circle.

To,

The Chief Engineer,
P.W. Department,
Madras.

Sir,

In reference to your No. 1379 C
I have the honour to suggest
that the Plots A & B be taken up as
suitable building sites for Government
residences or offices. It is impossible
at this date to say exactly how the
sites can best be utilized but it is certain
that if not taken up now they will
be sold during the detriment
in the vicinity probably built upon to
in previous of the Government residences
of the land and as already explained
correspondence the value
may be expected to increase

Letter from the S.E. II Circle (H.C. No. 88 K.S. dy 11th April 1895)

W 5 May

The land will be taken up under the Land Acquisition Act, the public purpose for which it is required being "for Public Works Offices." The Collector will submit a draft notification accordingly.

For orders.

It seems doubtful whether, under the Act the two plots — A & B — can be taken up for the purpose stated in the S. O.

The land is not required immediately for any public purpose & under Sec 6(2) the purpose must be set forth in the declaration.

The cost no doubt over will have to be charged to some estimate, — & for the present there is none.

Sanction. But it is very necessary to acquire the land, as a glance at the site plan will show.

I now return the file with the Dist. Collr's No. 849-50 W 07 5-4-25, but it does not throw any further light on the matter. I should have thought that the Dist. Collr. before the land was in the hands of the Govt. had taken, & it did not contain any information about the plots A & B, than the printed copy. I think the latter would be sufficient.

When the estimate for the Krishna Northern division of pier, canal &c. was prepared, it was proposed to take up the land marked 310 & 311, & hatched pink, on the plan. The estimate was based on

[illegible] ...
his land ... this
about, and as to
Public to sanction
the entire cost -

The "public purpose"
is the construction of
offices and residences for
the officers of the R. V. S.

well to put up also

Code. & to which the
Plots 310 & portion
of 311 were shown as
Ex. considering it
sufficient to take up
only the northern portion
of 311 as a site for the
residences - vide papers
printed with Sp. No
2826 W of 7.11.94 -

Subsequently, in
this letter No 605 S.E. of
7.3.95, the Ex. Engr.
strongly recommended
that the whole land
Nos 310 & 311 should
be acquired in con-
nection with the residences
this was approved in
Govt. No 844 W of 25.4.95,
& the estimate was
sent forward for
Govt. sanction -
while making the
above recommendation,
the E.E. & S.E. reported
that two other plots

to suggest some public
purpose for which
the land could be
utilised, should the
result of the Audit
might be satisfied.

The S.E. says
only suggests that the
two plots in question
should be acquired
as suitable site for
Govt. residences or offices,
but as no definite
work is in prospect,
I felt doubtful whether
land could be taken
up under the Act to
meet uncertain re-
quirements, & there-
fore suggested the Public
Works Department.

The Govt will
then require the cost
of the land to be charged
to some works, &
this will be a further
difficulty -

The difficulty would probably be got over if the land were taken up under the Act for "Public Works offices". If the land is wanted for residences, the cost can be included in the estimates for the works concerned -
