Sir,

With reference to your No. $\frac{167 \text{ G.D.}}{16-4-95}$ I have the honor to state that Anti-Attrition Metal was not included in the Indent for English Stores, because the desirability of using the metal was first brought to notice through the receipt of the advertisement enclosed.

The Officer in charge of Workshop Sub-D^y suggested that the metal should be used for bearings &c and with this suggestion I concurred.

I have the honor to be
