

16TH MAY 1895, No. 1178 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads,
Civil Works.

READ—the following papers :—

From the Executive Engineer, Kurnool Division, to the Superintending Engineer,
III Circle, dated 27th April 1895, No. 423.

I have the honour to request that you will be good enough to obtain the sanction of Government under Code paragraph 20, chapter X, volume I, for dismantling the old Town Sub-Magistrate's cutcherry at Kurnool as the building was condemned by Colonel Rawson in his last inspection and the Collector has approved of it.

2. Estimated cost for dismantling the building is Rs. 199.

3. All wooden materials that will be useful for other buildings will be removed to stores and the useless materials will be sold in auction.

No. 305.

Copy forwarded to the Chief Engineer, Public Works Department, for favour of sanction together with copies of letters noted below :—

(1) Letter No. 3072, dated 18th December 1894, from the Executive Engineer, Kurnool Division, to the Superintending Engineer, III Circle.

(2) Letter No. 2795, dated 15th February 1895, from the Superintending Engineer, III Circle, to the Examiner, Public Works Accounts.

BELLARY,
2nd May 1885.

(Signed) C. H. T. NORFOR,
Suptg. Engineer, III Circle.

ENCLOSURES.

From the Executive Engineer, Kurnool Division, to the Superintending Engineer, III Circle,
dated 18th December 1894, No. 3072.

You sanctioned an estimate Rs. 700 some time ago for repairing the old Sub-Magistrate's cutcherry, Kurnool.

2. On examining the building after partially demolishing, it was found that, in order to make a good job of it, it would be necessary to demolish the whole of the roof. This has been done, and after examining the wall thoroughly I have come to the conclusion that it is almost impossible to repair the building at a reasonable cost so as to make a thoroughly satisfactory job of it.

3. In the first place I do not like the way the roof has been supported, viz., by wooden pillars built into the wall; the walls themselves are not well built and are not capable of carrying the roof, they are not plumb, more timbers in the roof are found rotten than was anticipated, some of the wooden pillars supporting the roof require renewal.

4. On the whole therefore I have, after careful consideration, formed the opinion that the building cannot be repaired for less than double the present amount sanctioned and that even if it is carried out, owing to the old work being very bad, it cannot be made a good job of, and the building, although in other respects very suitable for a Stationary Sub-Magistrate's court, will never prove a satisfactory one.

You have yourself inspected the building now and I should be glad if you would add your testimony to mine and inform the Collector that it is not in the interest of Government that the building should be repaired and at the same time ask him what he would like to have done with the materials and the site.

From the Superintending Engineer, III Circle, to the Examiner, Public Works Accounts, dated 15th February 1895, No. 2795.

With reference to your letter No. 476 D./A., dated 11th February 1895, I have the honour to inform you that the old Town Sub-Magistrate's cutcherry at Kurnool has been inspected by me and I have informed the Collector that it is useless to attempt to repair it. All work on the building has been stopped and the Executive Engineer is now waiting for instructions from the Collector as to what is to be done with the building.

2. I have recommended that the cutcherry should be dismantled and the materials sold.

ORDER—dated 16th May 1895, No. 1178 W., Public Works.

Sanctioned.

MAY.

Old Town Sub-Magistrate's
Cutcherry at Kurnool

The dismantling of the —, sanctioned.

Letter No: 3072 dated 18th December/94
from the Executive Engineer Kurnool D^o
to the Superintending Engineer III Circle

You sanctioned an Estimate
Rs: 700 sometime ago for repairing the
Old Sub-Magistrate's Cutcherry Kurnool.
1. On examining the building after
partially demolishing it was found
that in order to make a good job of it, it
would be necessary to demolish the whole
of the roof. This has been done and after
examining the wall thoroughly, I have
come to the conclusion that it is almost
impossible to repair the building at a
reasonable cost so as to make a tho-
-roughly satisfactory job of it.

3. In the first place I do not like the
way the roof has been supported viz by
wooden pillars built into the wall, the walls
themselves are not well built and are not
capable of carrying the roof, they are not
plumb, more timbers in the roof are
found rotten than was anticipated.

On

some of the wooden pillars supporting the roof
require renewal.

4. On the whole therefore I have, after
careful consideration, formed the
opinion that the building cannot be
repaired for less than double the pre-
sent amount sanctioned, and that
even if it is carried out, owing to the old
work being very bad, it cannot be made
a good job of, and the building, although
in other respects very suitable for a
Stationary Sub Magistrates Court, will
never prove a satisfactory one.

You have yourself inspected the
building now and I should be glad
if you would add your testimony to
mine and inform the Collector that
it is not in the interest of Govt: that
the building should be repaired, and
at the same time ask him what he
would like to have done with the
materials and the site.

Letter No: 2795 dated 15th February/95
from the Superintending Engineer III Circle
to

to the Examiner P. W. Accounts Madras

With reference to your letter
No: 476^D/_A dated 11th February/95 I have
the honour to inform you that the
Old Town Sub-Magistrates' Cutcherry at
Kurnool has been inspected by me and
I have informed the Collector that it is
useless to attempt to repair it. All work
on the building has been stopped and
the Executive Engineer is now waiting for
instructions from the Collector as to what
is to be done with the building.

2. I have recommended that the Cutcherry
should be dismantled and the materials
sold.

from the Executive Engineer Kurnool W.D.
to the Superintending Engineer III Circle
Bellary

I have the honour to request
that you will be good enough to
obtain the sanction of Government
under Code para 20 Chap: X Volume I
for dismantling the Old Town Sub-
Magistrate's Cutcherry at Kurnool as
the Building was condemned by
Col: Rawson in his last inspection and
the Collector has approved of it.

2. Estimated Cost for dismantling the
Building is Rs: 199.

3. All wooden materials that will be
useful for other buildings will be
removed to stores and that the useless
materials will be sold in auction.
