

Proceedings of the Board of Revenue

(Land Revenue).

Dated 17. April, 1895.

No. 1869. Mis.

READ the following letter from J. Andrew Esq., Ag Collector of Trichinopoly to the Secretary to the Commissioners of Land Revenue, Madras, dated 20. March 1895 R.E. No. 4459 of 94. Ser:

forward to Collr:

Gr. O. of 18.7.96

No. 2793 R.D. 1894.

With reference to B. P. No. 4112 Mis of 26. July I have the honor to report that I ad-

ressed the Executive Engineer on the subject of providing ^{office} accommodation for the Stationary Sub. Magistrates of Perambalur and Kulitalai.

2. As regards the suggestion to build an upper storey to either of the Taluk Kacheries, the Executive Engineer does not consider the proposal practicable as the foundations cannot be safely relied on as originally they were ^{only} intended for a tiled roof and would not bear upper stories nor does the Engineer think that it would do to provide accommodation by extending the existing buildings, as this would altogether affect the general appearance and symmetry of the buildings, and would also cost very nearly as much as, if not indeed more

more than, new buildings

3. I have carefully looked over the present offices and consider that separate buildings for the stationary sub. Magistrates are quite necessary.

4. I request that the Board will, under the circumstances obtain sanction to my original proposal contained in my letter dis. no. 1759 dated 20th June 1894.

5. The two plans are returned

Resolution -

Submitted to Government with reference to G.O. dated 18th July 1894, no. 2493 Miscellaneous.

Government order dated 18th July 1894 No 2793

The Board of Revenue will call upon the Collector to state why new buildings are considered necessary seeing that it will probably be cheaper to add to the existing Taluk Catcheries which are modern ^{and} which it may be presumed will bear an upper story. The Government considers that a plain wire fence will be sufficient for the compound of the Taluk Catchery at Perambalur.
