no 3051 W of 28. 11. 94

136

Recd: 14-5-95

To

No 1233 W of 23rd May 1895

The Public Works Dept

Communicated to the Suptg. Engr. III circle for submission of the requisite plan & estimate.

2. The type plan referred to in para 4 of G.O. no 3051 W of 28th Nov. 1894, had not yet been issued, but the plan of the proposed new Police office at Kurnool should follow that sanctioned for Anantapur.

Proceedings of 7th May - 1895
No. 738

Interpret.

Requesting the Public Works Dept to issue orders for the preparation of an estimate for a new District Police Office at Kurnool, according to the type design approved in G.O. no 3051 W of 28th Nov. 1894 and directing the Insp. General of Police to report whether in the arrangements can be made by hiring a house or otherwise.

existing building may be made fit for use as a Police Office. &c.

2. I request that the Government will be good enough under the circumstances to sanction the estimate for Rs 1150 as there is no immediate prospect of a new office being built at Thumrool.

Order, 7 May 1895. No 938.

The Public Works Department will be requested to issue orders for the preparation of an estimate for a new District Police Office at Thumrool according to the type design approved in G.O. No 3051. W of 28 November 1894.

2. The Inspector General will report whether interim arrangements can be made by hiring a house or otherwise. Unless the present building has to be pulled down in order to clear the site for the new one, it will probably be cheaper to patch it up at a cost of Rs 1150 than to hire a house.

(True Extract)

Colonel Davidson
Ag. Under Secretary
for Chief Secretary

The Public Works Department
Inspector General of Police.

The Superintending Engineer was asked to state his opinion of the present building and whether he considered that any temporary repairs might be made at a moderate cost so as to keep the building useful for a few years longer. The Superintending Engineer replied that the best course was to restore the roof and sent in an estimate for Rs 1150 for the same which was sent to the Superintendent for his counter signature and return. In returning the estimate, the Superintendent remarked on the estimate as follows:—

"I consider this will be money wasted? the whole building is rotten from the foundation, the whole should be demolished and a new building erected on the old site."

The estimate with the Superintendent's remarks was referred to the Superintending Engineer for his opinion.

The Superintending Engineer now reports that he does not consider the building suitable for a Police Office nor does he consider it worth repair. If however funds cannot be obtained for the construction of a new office at an early date, he considers that the estimate for Rs 1150 should be sanctioned in order that the existing

Judicial Department.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:-

From the Inspector General of Police,
dated 29th March 1895, No. 1831

I have the honor to say that in
November 1892, the Superintendent of Police, Madras
proposed the reconstruction of the Police Office, the
existing one - a very old Military building -
being uninhabitable. Colonel Porters upheld
the proposal, but seeing the number of other
works - viz: -

Police Office, Anantapur

Police Hospital, Madras

Police Lines, Tanjore

Police Lines, Kumbakonam

Residence for the Assistant
Superintendent of Police, Varsipattam, Vizagapatam
District - that were awaiting construction and
seeing also that there did not appear from
the Executive Engineers letter that there was
a pressing and immediate necessity for
reconstructing the Police office at Madras.
