READ—the following paper :—

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 4th May 1895, No. 93 V.Z.

With reference to paragraph 3 of G.O., No. 200 W., dated the 25th January 1895, and G.O., No. 781 W., dated the 28th March 1895, I have the honour to submit herewith for sanction two proposition statements drawn up in the prescribed forms for the executive and office establishments required for the Vizagapatam division in consequence of the changes ordered in the above Government orders.

2. It will be seen from the statements that the additional establishment asked for embraces one overseer and two clerks, V class, I grade.

3. The overseer is required to work in the Koraput section under the Vizianagram Sub-Division officer. Of the two clerks one is required for the office of the Executive Engineer, who has often represented that his present staff cannot get through their work properly; the other clerk is required for the Vizianagram Sub-Division office where the work will be very heavy on account of the transfer of the works in the Agency tracts, which will form a part of the sub-division.

4. The establishments for detached officers and overseers being of a fluctuating character, have not been included in the proposition statement, part II.

5. I beg to add that the Agent to Governor, Vizagapatam, has telegraphed on the 21st ultimo that Mr. French was ordered to leave at once, handing over charge to an Estate overseer.

On

For orders.

Two extra clerks
are asked for, one for
the office of the Gen. Surg.,
and one for the Virginia
Sub division, which is
to have charge of fort-
works in the Agency tract-
an extra Sub division
is not asked for.

Before fort- works in
the Agency tract- were
handed over to the State
Engineer, they formed
a separate sub division,
viz. the Norfolk sub.
division. The extra
clerical assistance asked
for might therefore
perhaps be sanctioned.

The S. S. asks for
the extra hands under
permanent establishment, &
this point requires con-
sideration. They will
be in cases of the

4 sub division estate. 4
they might therefore be
sanctioned under "Temporary"

The sanctioned scale
of upper subordinates estate
is now 5+1 - The S.S.
gives the existing scale
as 5 and asks for an
additional seven come
up the number to 6.

Probably he wants 6
permanent men in ad-
dition to the temporary
band already allowed.

Before the works in the
Agency were transferred
the sanctioned scale was
6 permanent - On their
transfer, the number was
reduced to 5 - One temporary
upper subordinate was
afterwards allowed on
account of J.R. works in
progress. The sanctioned
scale might now be
raised to 6+1.
