READ—the following paper :—

From J. P. HEWETT, Esq., C.I.E., Officiating Secretary to the Government of India, Home Department—Public, to the Chief Secretary to the Government of Madras, dated Simla, the 17th April 1895, No. 6 Pub.—619.

I am directed to state, for the information of His Excellency the Governor in Council, that, in connection with a recent case, the Secretary of State has had occasion to point out the necessity for exercising great care with regard to removing an officer from the service of Government on the ground that his appointment is abolished on reduction of establishment. Claims for compensation are liable to arise in such circumstances, which are difficult to meet, especially if anything has prevented the proposed reduction from being carried out. I am therefore to say that no Government servant should be discharged for such a reason until the reduction of establishment, entailing the abolition of his post, has been finally determined on and has been actually ordered by Government. The fact that prospective changes are under consideration, and likely to be adopted, which will involve a reduction of establishment, should not be used to justify the removal of an officer from his appointment.

ORDER—dated 6th May 1895, No. 346, Public.

Communicated to Departments of the Secretariat and all Heads of Departments under the Chief Secretary for guidance.
