From the Inspector General of Registration
Madras, d/ 2nd May 1895, No. 1368.

The Sub Registrar's office at Tiruvalore in the Tanjore District is held in a building constructed according to the design approved in G. O. Judicial dated 20th January 1881, No. 112, under the sanction conveyed in G. O. dated 14th. September 1881, No. 2263W. The records of the office are now preserved in 9 almirahs and the space in the record -room which measures only 24x9 feet is insufficient to contain all the almirahs. The establishment of the office consists of 6 clerks, while the space reserved in the building for the clerks is barely sufficient to accommodate 4 of them. The other two clerks are at present accommodated in front of the Sub Registrar's seat to the great inconvenience of the Sub Registrar and the large number of people who resort to the office for getting their documents registered.

2. The Tiruvalore Sub Registrar's office is one of the important offices in the Tanjore District and the surplus of income over expenditure in the last 3 years is noted in the margin. The District Registrar reports that a piece of vacant Government land is available adjacent to the office for extending the present building.
