READ—the following paper :—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, the 21st May 1895, Circular No. 4, Public Works.

[Military officers in permanent civil employ ineligible for rewards for passing in languages under Military rules.]

The Governments of Madras and Bombay, Public Works Department, General and Railway Branches.
The Governments of Bengal, the North-Western Provinces and Oudh and the Punjab.
The Chief Commissioners of the Central Provinces, Burma, Assam and Coorg.
The Resident at Hyderabad.
The Agents to the Governor-General for Rajputana, Central India and Baluchistan.
The Accountant-General, Public Works Department.
The Director-General of Railways.
The Consulting Engineers to the Government of India for Railways, Calcutta, Lucknow and Assam.
The Director-General of Telegraphs.

The following is forwarded to the Local Governments, Administrations and officers named on the margin for information and guidance.

ENCLOSURE.

From the Deputy Secretary to the Government of India, Military Department, to the Adjutant-General in India, dated Simla, the 22nd April 1895, No. 1272-B.

I am directed to state, for the information of His Excellency the Commander-in-Chief, that the question whether a military officer employed in the Civil Department is entitled to any reward for language examinations passed under military rules has been for some time under the consideration of the Government of India.

2. It has now been decided that, for the future, military officers in permanent civil employ shall not be eligible for rewards for passing in languages under military rules. This does not apply to military officers who are officiating in civil appointments and have not entered civil or political employment permanently.

3. A general order will be issued in due course making the necessary addition to Army Regulations, India, Volume I, Part I.

ORDER—dated 12th June 1895, No. 1404 W., Public Works.

Communicated to Superintending Engineers.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Inspector-General of Registration,
Madras, dated 17th April 1895, G. N. 1610.

Two additional rooms to the Taluk
Butcherri at Krishnagiri in the Salem
District were constructed on account of
the Sub-Registrar's office under the sanction
conveyed in G. O. dated 3rd August 1880,
N. 1839, Judicial, by the Public Works
Department. Certain repairs costing
Rs 73 to the rooms were executed in
1885 by the officers of the Registration
Department. The terraced roofs of the
rooms having cracked and become
leaky and some improvements to the
rooms having become necessary, the
enclosed estimate for Rs 650 has been
prepared by the Executive Engineer
of the Division and approved by the
Superintending Engineer, IV. circle.
The improvements to the rooms pro-
posed to be effected will render —

omitted to supply engineers.

the building suitable and convenient and bring the building into conformity with the standard design to a great extent, the only difference being that a verandah on the Western side has been provided for in the estimate.

This additional verandah is absolutely necessary both for the convenience of the Sub-Registrar and his office establishment and the parties waiting at the office.

2. As the work to be executed is one requiring professional supervision, it is desirable that the work should be undertaken by the Public Works officers. The Superintending Engineer in his letter dated 14th December 1894, N^o 497_m has, however, informed me that, as the existing building was not based on the Standard design, the Public Works Department cannot undertake the work under G.O. dated 13th August 1894, G. N^o 1994 W. The building was constructed before a standard design for Sub-Registrars' offices was sanctioned and the Sub-Registrar of Krishnagiri is unable to make arrangements for the execution of the work departmentally.

3. In the circumstances stated above, I have the honour to request that the Government may be pleased to issue orders for the work being carried out in the Public Works Department.

Order dated 9th May 1895, N^o 964

Approved and transferred to the Public Works Department.

Public Works Department.

Current No. 3820

Letter No. 964

Dated 9th May 1895

From the Judicial Department

NOTE BY TECHNICAL SECTION.

Name of work. Repairing & improving the
Sub Registry Office at Krishna-
giri in the Salem District

Amount of estimate Rs 650

Repairs Rs 430

Improvements 220.

The plans & estimates under
review provide for repairing
& improving the Sub Registry
Office at Krishnagiri. The
terrace roof of the building
is reported to have cracked &
become leaky owing to the sagging
of the joists and beam on ac-
count of insufficient scantling.
It is therefore proposed to re-
move the existing terrace
roof, provide 3 more teak beams
of a section 6" x 15" each, two in
the office and one in the record
room and rebuild the terrace
with brick on edge to on a slope
of 1 in 26 over the existing
joists.

Provision has been made for
inserting 3 additional iron grates
windows.

admission with double windows, one
external & inner glazed & two ven-
tilators in the office room for
more light and air, also for
2 high sloping tiled sheds over
wooden posts, at the two western
windows in the office room, to
prevent the rays of the sun
getting into the room in the
afternoon.

The rates are fair.

The section proposed for the
additional beams appears to
be insufficient, viz 6" x 15",
it may be increased to 8" x 15",
as the width of 6 inches appears
too narrow for the depth of 15",
the beam may sag under its
own weight.

The beams are proposed
to be built over voids, and
no provision has been made
for any relieving arches
over these voids.

The sloping of the terrace
roof, as shown on plan, ap-
pears to be awkward, the
roof may be built by fixing
the beams at right angles to
the walls and cambering
the beam, as shown in plan
section on plan, with a rise
of 4 inches in centre, by this
arrangement the drainage
could be discharged on both
sides of the building & the ap-
pearance improved.

The plan & estimates have
been countersigned by the Dy.

By of Registration & appointment

No 1403 W dated 12 June 1895

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Proceedings Judicial Dept. H.C. No 964 dated 9 May 1895

The estimate will be
forwarded to the Supply
Engineer IV circle, for
sanction and execution,
attention being drawn to
the following remarks:—

(1) The section proposed for
the additional beams appears
to be insufficient, viz 6" x 15"
it may be increased to
8" x 15" as the width of 6 inches
appears too narrow for the
depth of 15", the beam may
sag under its own weight.

(2) The beams are proposed
to be built over voids, and
no provision has been made
for any relieving arches
over these voids. This matter
should receive attention.

(3) The sloping of the terrace
roof, as shown on plan, appears
to be awkward, the roof may
be

a built by fixing the
beams at right angles to
the walls and cambering
the beam, as shewn in
pencil sections on plan,
with a rise of 4 inches in
centre, by this arrangement
the drainage could be
discharged on both sides
of the building and the
appearance improved.
