READ—the following paper :—

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 17th May 1895, No. 420 G.D.

I have the honour to report that the Collector, Gódvári District, states that the building known as "third-class Taluk Cutcherry at Peddapotavaram" in the Yernagudem taluk borne on the register of public buildings in charge of the Executive Engineer, Western Division, Gódvári, is not required for the Revenue Department.

2. The Superintendent of Police, Gódvári District, in his letter No. 429, dated the 8th April 1895, to the Collector, Gódvári District (copy of which is herewith enclosed), urges the necessity of transferring the whole building to his department.

3. I therefore request that you will be good enough to obtain the sanction of Government to the transfer of the building in question to the Police Department.

ENCLOSURE.

From C. D. J. CARMICHAEL, Esq., Acting Superintendent of Police, Gódvári District, to the Collector, Gódvári District, dated 8th April 1895, No. 429.

In reply to your Reference No. 1039 Ver., dated 19th March 1895, I have the honour to state that the building at Potavaram cannot conveniently be transferred to the Public Works Department as a permanent rest-house. Potavaram is the head-quarters of the Inspector of Police of the new Polavaram division and the Police station in it is the cusbah one for the division. The building consists of three rooms and one small one besides the prisoners' cells and cook-house detached from it. Of the four rooms, one is used as Inspector's office room, one for station and Division records and stationery and one as a station house, so that there is only room left available and this could hardly be utilized as a rest-house. There are very often prisoners in the cells, and the cook-house is constantly used. Want of accommodation for constables is very much felt and it is proposed to build, when funds are available, a line of huts in the compound, and Police officers with their families will reside in them. There is ample room available in the compound, and it is always necessary that the station and huts should adjoin each other.

It is also extremely undesirable to have a public rest-house attached to a Police station. Under the circumstances I have the honour to request you to transfer the entire building to my department which will in future be responsible for its repairs.
