READ—the following paper :—

Office-note from the Examiner of Public Works Accounts, dated Madras, 10th June 1895, No. 2037 D./E.

Referring to paragraph 2 of G.O. No. 1128 W., dated 13th May 1895, I forward for your information copy of letter from the Superintending Engineer, II Circle, explaining the circumstances under which he wishes to be authorized to sanction journeys by rail between any two stations in the II Circle; and would beg to state that there appears no objection to the Superintending Engineer being authorized to sanction the journeys, provided the conditions of Civil Service Regulations, article 1088 (b), are complied with.

ENCLOSURE.

From the Superintending Engineer, II Circle, to the Examiner, Public Works Accounts, dated 23rd May 1895, No. 86 G1.

In reference to your No. 1794 D./E. of 18th May 1895, I have the honour to inform you that my proposals include all circumstances in which I consider it is in the interests of Government that an officer should make a journey by rail between any two stations included in the II Circle.

2. In many cases it is a most serious waste of time for an officer to proceed by road or canal, when the railway is available, and it is to meet such cases that I desire to be vested with the necessary power of sanction.

ORDER—dated 17th June 1895, No. 1463 W., Public Works.

The Superintending Engineer's proposal is sanctioned on the condition stated by the Examiner.
