Note

In the hurry with which the final issue of the Provincial Budget for 1895-96 had to be prepared and issued, I regret very much that I failed to notice under Class B Works the repetition of the work "Improvements to the Police Superintendents' residence at Palamcottah" which occurs twice as items 84 and 136, and to substitute "Taluk office" for "Do" against item 19 in Column 5.

The accompanying errata are therefore submitted for orders.
