It is requested that the above heading, with number and date of this communication, may be quoted in any subsequent correspondence on the subject.

No. 1047-B.

GOVERNMENT OF INDIA,

MILITARY DEPARTMENT.

Fort William, the 20th March 1895.

To

THE CONTROLLER OF MILITARY ACCOUNTS,
EASTERN CIRCLE, BENGAL.

SIR,

In continuation of Military Department letter No. 1118-B, dated the 20th April 1894, I am directed to state that after considering the applications which have been received from volunteer corps, the Government of India have decided that the following distribution shall be made of the sum of Rs. 30,000 entered in the estimates of 1895-96 for grants to volunteer corps for providing armouries, magazines, head-quarters, &c.:—

Corps.	Amount of grant sanctioned.	Purpose for which granted.	Remarks.
	Rs.		
East Indian Railway Volunteer Corps.	3,000	For an armoury at Umballa.	
Behar Light Horse ...	2,080	For an armoury at Bankipore.	
Assam Valley Mounted Rifles ...	2,000	For armoury at Jorhat.	
Upper Burma Volunteer Rifles ...	920	Reconstruction of sergeant instructor's quarters at Yemethin.	
Bangalore Rifle Volunteers ...	3,000	Constructing an armoury, store room, and ammunition store at Kolar.	If any further expenditure is necessary, it should be met from corps funds.
South Indian Railway Volunteer Rifle Corps.	5,000	For armouries at Trichinopoly and Madura.	
Hyderabad Volunteer Rifle Corps	3,000	For armoury.	The further accommodation required (Adjutant's office and Quartermaster's store) should be provided from corps funds.
2nd Punjab (Simla) Volunteer Rifle Corps.	5,000	For construction of an armoury.	
Karachi Artillery Volunteers ...	1,000	To cover expenses of fitting up armoury, store rooms, offices, &c., in the head-quarters.	
Calcutta Volunteer Rifle Corps ...	5,000	To aid in providing armouries for the school companies.	

2

2. I am to request that payments may be made as above. The grants sanctioned, being made for specific purposes, should be drawn by corps only as required, and amounts remaining unexpended at the end of the official year will be held to have lapsed.

I am, &c.,

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from J. THOMSON, Esq., Acting Collector of Tanjore, to the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture, dated Tanjore, 1st April 1895, No. 681-Ver. :—

I have the honour to submit the programme of Famine Relief works for 1895-96 as required in Board's Proceedings, dated 7th June 1892, No. 411.

2. The programme is prepared for the non-deltaic portion of the Tanjore taluk and for the Pattukkóttai taluk (*vide* Board's Proceedings, dated 21st October 1892, No. 691), and provides for works in the Tanjore taluk to the amount of Rs. 2,80,998 sufficient to give employment to 26·6 per cent. of the population of the part of the taluk concerned for three months at $1\frac{1}{2}$ annas per head per diem, and in the Pattukkóttai taluk for Rs. 5,99,785 sufficient to give employment to 29·5 per cent. of the taluk population.

2. No forest fencing is proposed for reasons stated in paragraph 5 of this office letter, No. 203, dated 3rd April 1893.

3. The programme for 1894-95 provided for the repair of almost all the irrigation tanks in the Tanjore taluk, but for 1895-96 the Divisional officer has proposed the repair of only 107 tanks and I am at present unable to add to this number. The Deputy Collector in charge of Pattukkóttai has not provided for well-sinking with the aid of State loans; the difficulty of finding proper applicants for loans or any field for their endeavours has been at various times reported to the Board—*vide* this office letters, No. 371, dated 12th June 1892; No. 679, dated 18th October 1892; and No. 14, dated 11th January 1893.

4. Improvements to the jungle streams in the Pattukkóttai taluk have been provided in this programme as directed in Board's Proceedings, dated 27th June 1894, Mis. No. 3831.

5. For the district, provision is made for the construction of seven new irrigation works at a cost of 3·69 lakhs and repairs to existing works, 2·04 lakhs; the construction of 70 miles of new roads to cost 1·74 lakhs and repairs to old roads 51 lakh, works for the improvement of drinking water-supply to cost 23 lakh, and other miscellaneous works 59 lakh. The total provision amounts to Rs. 8,80,783, which is sufficient to provide employment for 28·5 per cent. of the total population.

6. Estimates are reported to be ready for works costing Rs. 6,42,153 or 73 per cent. of the total provision.

RESOLUTION—dated 6th May 1895, No. 115.

The abstract of the programme of Famine Relief works for 1895-96 received from the Collector of Tanjore will be submitted for the information of Government.

2. In paragraph 5 of the letter read above, the Collector gives full details of the various classes of works proposed and the amounts provided for them. It will be seen therefrom that the total provision made amounts to nearly nine lakhs and estimates are ready for nearly three-fourths of this sum. The works proposed are calculated to afford employment for three months to 28·5 per cent. of the population of the non-deltaic portion of the district, which is alone treated as liable to famine.

3. It is, however, observed, from the statements furnished, that out of the fourteen large irrigation works provided for in the Tanjore taluk, only two (costing half a lakh) are sanctioned works, both of which are already in progress; whilst the remaining works have not been brought on the sanctioned list, nor are detailed estimates ready for any of them, excepting one road to cost Rs. 9,000. Again, in the Pattukkottai taluk, though ten large irrigation works have been proposed, and detailed estimates appear to be ready for all of them, none have yet been sanctioned. In view of the instructions contained in the letter from the Government of India communicated in G.O., dated 14th August 1894, No. 596, Revenue, as many of the large works as possible should be brought on the sanctioned list.
