

Letter from the Executive Engineer,
Kistna Western Division, to the
Superintending Engineer, 2nd Circle
No 41 S. dated 16th May 1895.

I have the honour to inform
you that I examined the Taluq
Office at Bapatla on the 9th instant.

2. I find that over the greater
portion of the roof, the lower ends
of the rafters, where built into
the walls, are more or less rotten.
The ends of a few rafters are en-
tirely gone and these either give
no support to the roof at all or
have sunk slightly and only butt
up against the wall and do not
rest on it.

3. The new treasury room
(almost completed) in the centre
of the building (which I did not
advocate but which the Collector
insisted on) makes the interior

of the building dark and it will be necessary to insert a new door and window to give light.

4. A few urgent repairs are now necessary and unless the new Taluk Office for which an estimate has been sanctioned, is built within two or three years, very extensive repairs to the roof of the existing building will be necessary. The existing building will (as far as I know) be of no use to Government when the new Taluk Office is built. Excepting one or two small girls' Schools and the Office of the Sub Assistant Inspector of Schools, Bapatla Range, for any of which the existing building would not be suitable, there are no offices, schools &c. connected with Government and renting buildings in Bapatla, for

for which I sign annual certificates of want of accommodation.

5. I presume therefore that the existing building is likely to be sold as soon as the new Taluk Office is built.

6. Under these circumstances, I would ask you to move as an urgent necessity for a grant of Rs 10,000 in the current year, for the new Taluk Office, at Bapatla and if the grant cannot be given, I would ask your permission to send in an estimate for removing the roof of the existing building as in that case the roof is likely to become dangerous before the new Taluk Office is built and if the roof has to be renewed, it may as well be done at once.

566 Rs
No. 6.6.95
