Ex. Engr., Cuddapah Division.

Office-note from the Examiner of Public Works Accounts, dated 13th November 1894, No. 4475 D./A.

Returned with the following remarks:—

Item 1—Overseer's shed at Cuddapah.—According to the sub-registers maintained in this office Rs. 756 appears as expenditure incurred against an estimate for Rs. 820 for constructing out-houses to overseer's quarters in the Executive Engineer's office compound, but Executive Engineer only takes Rs. 300, cost of cook shed, and assigns no reason. Further, nothing is provided on account of establishment and tools and plant. Assuming Rs. 756 and allowing for establishment and tools and plant, the figures have been corrected in pencil in the statement giving a rental of Rs. 130 per annum.

Item 2—Madanapalle Sub-Divisional Officer's quarters.—Slight corrections are made in pencil in the statement which revise the annual rental from Rs. 224 to Rs. 227.

From the Executive Engineer, Cuddapah Division, to the Superintending Engineer, III Circle, dated 4th January 1895, No. 2364.

In returning herewith Chief Engineer's No. 3693 C. of 20th November 1894 bearing your endorsement No. 2060, dated 24th November 1894, I have the honour to inform you that I omitted the cost of the stable when calculating the rent of the overseer's shed, as I understood that it was built as an adjunct of the office and was not for the sole use of the occupier of the overseer's shed. If however you think that the stable should be considered a part of the overseer's shed, then the Examiner's calculations may be accepted.
