ACCOUNT

Letter from the Executive Engineer,
Kistna Western Division, to the
Superintending Engineer, 2nd Circle,
No. 50 S. dated 2nd May 1895.

In his report on my office
printed with G.O. No. 3240 W. the Senior
17-12-94
Deputy Examiner makes proposals
that Sub Division Officers should
themselves write up their Cash Books
when in camp.

2. The Examiner, Public Works
Accounts, supports this suggestion in
para 19 of his office note.

3. I have the honour to submit
that the proposal is not practicable.
It is the duty of a Sub Division
Officer to be in camp and on his
works as much as possible.

It is not advisable in the interests
of the work that Sub Division Officers
should take the time required to
write up their Cash Books from

note No. 4,854 B. from the Examiner,
printed with L.O. No. 32,401 W. dated
17th December 1894.

2. The undersigned recommends
that no alteration be made in the
present system of keeping the ~
Sub Division, Cash books. It is
clear that no practical incon-
venience is caused by the
existing arrangement.

3. As regards the Land Register,
it is certainly not advisable to
abandon the present system.

I have no desire to press the point
in regard to the SubDivisional Officer
being required to write up his cash
book when his clerk does not accompany
him on tour.

2. With reference to the remarks in
para 52 of the Inspection Report it was
not intended that the register in ques-
tion should be abolished; the matter
was noticed as the register kept, was
a register of lands applied for, and not
a register of lands taken up for Pub-
lic Works.
