READ—the following papers :—

From the Executive Engineer, Kurnool Division, to the Superintending Engineer, III Circle, dated Bellary, 31st March 1895, No. 4469.

I have the honour to inform you that the special canal sub-division, sanctioned in G.O. No. 3293 W., dated 22nd December 1894, will be started early in April and that, instead of employing overseers as at first contemplated, I have decided to employ *Revenue field surveyors*, who are accustomed to the work and who will be much more handy men than overseers. Five field surveyors have been recommended to me by the Superintendent, Revenue Survey Department, and they are to join within a week or so.

2. The work of demarcation, measuring channels and marking them on the village maps is simple work precisely what is done in Revenue Survey Department, and I therefore request that sanction of Government may be obtained to these men drawing batta of 4 annas a day and mileage for a journey of over 20 miles when necessary, and I, at the same time, request that both field surveyors and the sub-divisional officer may, under Civil Service Regulations, 1161 (a), be exempted from the ten-day limit for a halt at one place and that full allowance may be passed to them for such halts.

Office-note from the Examiner, Public Works Accounts, dated Madras, 8th May 1895, No. 1680 D./E.

[Your office-note No. 1591 C., dated 20th April 1895.]

It is not known whether any special establishment of temporary overseers has been sanctioned for the special canal sub-division; but, should such sanction have been accorded, it will be necessary that it should be cancelled and the Superintending Engineer, III Circle, asked to submit a proposition statement showing the number of the Revenue field surveyors required, with rates of pay proposed.

2. It is presumed that it is the intention of the Executive Engineer to obtain a loan of the services of the Revenue field surveyors from the Revenue Survey Department: if this is so, their claims to travelling allowance will have to be regulated by the rules applicable to that department—*vide* Civil Service Regulations, article 1133 (a), and appendix No. 22, items 8 and 30.

3. Under Civil Service Regulations, article 1159, it is for Government to decide whether the sub-divisional officer should be exempted from the operation of the rule as to ten-day limit.

No. 1836 C.

Forwarded to the Superintending Engineer, III Circle, for submission of a proposition statement as suggested by the Examiner.

From C. H. T. NORFOR, Esq., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 21st June 1895, No. 858.

With reference to your endorsement No. 1836 C., dated 15th May 1895 (here-with returned), I have the honour to forward herewith, for favour of sanction, a proposition statement for the field surveyors required for the special Kurnool canal sub-division as suggested by the Examiner, Public Works Accounts.
