From,

Executive Engineer,

Coimbatore Division,

To,

The Collector of

Coimbatore,

Sir,

With reference to your letter N^o 1631 of the 2nd Instant, I have the honor to state that I think it would be best to have the additional rooms 18' wide and to make them uniform in width and immediately adjoining the Stationary Magistrate's Court at the back and extending back to the line of Subjail buildings, this would give three rooms 15' x 18', 15' x 18', and 27' x 18', the additional plinth area would be 2,028 sq. feet costing about Rs 5,700.

2. Against this, must be set the value of the existing existing

existing Munsiff's Court Rs 2,300 for which
full rent would be received. I consider
your suggested alteration very desirable

3. It will be necessary for you to obtain
the sanction of Government for the prepara-
tion of the estimate and also for the estimate
for the ryots' shed, Rs 900, before I can prepare
the estimate

4. The cost of the additions to the Munsiff's
Court would be above Rs 3,000.

will not be required.

2. I therefore beg to recommend that the proposed building may be enlarged a little so as to accommodate the Deputy Collector's two establishments, so that the Court room intended for the stationary magistrate may not be wasted but used by the Deputy Collector.

3. It is at present proposed to build on to the Deputy Collector's Court so as to provide accommodation for his establishment. The cost of the building is estimated to be about Rs 3,000, while the cost of the necessary additions to the new catcherry is estimated to be about Rs 5,700. As a set off against the difference there is the present Deputy Collector's Court which is valued at Rs 2,300 and which might be converted into a residence for the Deputy Collector who would have to pay full rent. House accommodation at Kollegal is very difficult to get, and some of the officials there are provided with houses.

4. It was originally proposed to build a Combined

Combined office for the Deputy Collector and Tahsildar but this suggestion was rejected on the ground of the expense. The arrangement now suggested by me will work out to 8950 Rupees less than the original estimate for the Combined office.

4. If this proposal is accepted, a ryots' shed will be required for the new catcherry/-

5. A copy of the Executive Engineer's letter expressing his opinion regarding the proposed alteration is enclosed.

6. If the Board agrees, I request that the Public Works Department may be instructed to prepare the necessary estimate.

Coimbatore Collector's

From,

Herbert Bradley Esquire,
Collector of Coimbatore,

To

The Secretary to the Commissioners
of Land Revenue,
Madras,

Sir,

In reply to the Board's Ref^{ce} on General
Register No. 1717 of 1894, dated November 3rd 1894,
I have the honor to state that the proposed addi-
tions to the new Taluk Catcherry at Kollegal will,
I think, provide sufficient accommodation for the
Deputy Collector and Munsiff and his establishments.
I assume that the space provided for the Station
Submagistrate's establishment and records will be
available for the Deputy Collector. If they should
be found insufficient, the retiring room provided in
the standard plan can be converted into a clerk's
room and a small retiring room constructed in
the

the verandah 6 ft by 11 ft in front of the retiring room.

2. I consulted M.R. Ry. Gopala Nayak avergal on the subject, and he is of opinion that the accommodation provided would be sufficient. It must be remembered that both the Deputy Collector's and the Munsiff's work is very light in Kollegal.

3. Excluding the Court rooms, the accommodation proposed by me amounts to about 200 square feet more than the existing Court House. This with the accommodation already provided for the Stationary Sub-Magistrate's office in the Standard plan will, I think, be ample for the Deputy Collector's Establishment.

4. It is, in my opinion very advisable that house accommodation should be provided for the Deputy Collector in Kollegal. It will cost very little to make the present Court house suitable for a residence. A tracing of a rough plan of the Court house is enclosed.

5. The object of the proposed ryots' shed was to provide a place for suitors and their Vakils to

to consult, as there is no vakils' room in the proposed new Court house.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings

of the Board of Revenue, Land Revenue, dated 10th December 1894, N^o 6817 also on letter from the acting collector of Coimbatore, dated 24th October 1894, Ref on N^o 1848 and the following reference thereon, dated 3rd November 1894:-

Before Submitting the collector's proposals for the orders of Government, the Board desires to have full-information on the following points:-

(1) Whether the proposed additions

office in the Standard plan.

2. Whether house accommodation should be provided for the Kollegal Deputy Collector at the expense of the State and if so at what cost the present Deputy Collector's Court can be converted into a residence for him. A plan of the existing building should be forwarded.

3. The construction of a pyth shed has been generally disallowed vide G.O. dated 7th June 1888, N^o. 1681 W. The necessity for the same should be fully explained.

Also on letter from the acting collector of Coimbatore dated 27th November 1894, Ref. on N^o. $\frac{2021}{100}$ 424

Resolution

Submitted for the orders

of Government.

2. In G.O. dated 17th July 1894, N^o. 512 Revenue, the Government decided that the Deputy Collector of Kollegal should not be moved from that place and the proposal to appoint a Stationary Sub-Magistrate there has been abandoned. In the first letter read above, the collector recommends that the Deputy Collector and Munsiff be accommodated in the Court-room intended for the Stationary Sub-Magistrate in the new

Taluk

Taluk Cutcherry under construction and that his office establishments be provided with 3 additional rooms at a cost of Rs 5700.

3. A Combined office for the Deputy Collector and Tahsildar at Kollegal was sanctioned in G.O. dated 1-8-91 N^o. 2076 W. Communicated in G.O. 26-8-91, N^o. 828 Revenue but was given up on the ground that it would be very expensive vide Collector's endorsement dated 21-12-92 printed in G.O. 28-4-93 N^o. 1179 W. Communicated in G.O. 17-5-93 N^o. 1830 Rev. The Collector states that the arrangement now suggested by him will cost Rs 8950 less than the original estimate for a Combined office. He also points out that the alternative proposal suggested in the endorsement quoted above, viz, to make certain additions to the Deputy Collector's Court to provide accommodation for his establishments is estimated to cost Rs 3000 will now be saved and the existing Court house valued at Rs 2300 rendered available for other purposes.

4. In view of the difficulty of obtaining house accommodation at Kollegal it is proposed to

Convert

the present Deputy Collector and Munsiff's Court which, under the above proposals, will become vacant, into a residence for the Deputy Collector.

The cost will, it is stated, be trifling.

5. It is also proposed to construct a ryots shed in the Taluk Cutcherry Compound to provide a place for suitors and their vakils as there is no vakils' room in the proposed Court house.

6. The Board recommends that the several proposals of the Collector may be approved and that orders be issued in the Public Works Department for the preparation of the necessary plans and estimates as requested.

Order thereon, 12 January 1895, No 115 M.S.

The Collector's proposals which are supported by the Board of Revenue are approved.

2. Orders will issue in the Public Works Department for the preparation of the necessary plans and estimates.
