

Letter from the Exe. Engineer, Kurnool Division
No. 1369 dated 27th June 1895 to the Supty. Engineer,
III Circle, Bellary.

With reference to G. O. No. 1243W of the
23rd May 1895 communicated with your
endorsement No. 740 of the 7th Instant sanction
ing the employment of watchers, I have the
honor to inform you that the watchman for the
Police Buildings at Nandyal was employed
upto 10th & not 9th March 1895 as reported in
my letter No. 549 of 8-5-95, and the Examiner
of P. W. Accounts remarks in the Divisional
A. I. Statement for April 1895, that further
sanction of Government is necessary for that
one day. I therefore request that you will be
good enough to obtain the necessary sanction.

No. 1007
3/7/95

Copy forwarded to the Chief
Engineer, P. W. D. for favor of sanction of Govt.
being obtained.

BOARD OF REVENUE (REV. SETT., L. RDS. AND AGRI.), 27TH MAY 1895, No. 133.

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—statements of works available for famine relief in the Vizagapatam district during 1895-96 received from the Collector of Vizagapatam, dated 3rd May 1895, No. 91-A, B and C.

RESOLUTION—dated 27th May 1895, No. 133.

The abstract of the programme of famine relief works for 1895-96 received from the Collector of Vizagapatam will be submitted for the information of Government.

2. The programme contains provision for the construction of 17 new irrigation works at a cost of 1.71 lakhs of rupees and for repairs to 633 existing works at a cost of 1.89 lakhs; for the construction of 829 miles of new road at a cost of 14.70 lakhs and repairs to existing roads to cost 3.56 lakhs; for works to improve the supply of drinking-water estimated to cost 5.01 lakhs and other miscellaneous works 11.11 lakhs. The total provision amounts to Rs. 37,97,509 and is estimated to be sufficient to provide employment for 26 per cent. of the population of the district for a period of three months. The provision made in several of the taluks is poor, being, in the Government taluk of Palkonda and in the zemindari taluk of Viravalli, only sufficient for 9 per cent. of the population. Early steps should be taken to enlarge the programme as far as possible in these cases. It is observed that road-works at an estimated cost of 4.78 lakhs have been provided for in the Agency tracts of the district. In the zemindari divisions of Vizianagram and Bobbili, certain bridge-works have been included in the programme. Such works involving a large amount of skilled labour are generally out of place in a programme of famine relief works, which should be specially designed for providing employment for unskilled labourers.

3. Detailed estimates are reported to be ready for works to cost Rs. 11.70 lakhs or 31 per cent. of the total provision.

4. (a) In statement A, the breaking and stacking of metal along the Razam-Ramabhadrapur road in the Palkonda taluk at a cost of Rs. 12,000 and the construction of road No. 10 in the Chipurupalle taluk at a cost of Rs. 4,500 are shown as sanctioned works, but the amounts of their detailed estimates are not given either in this statement or in statement C. The cause of the omission should be explained.

(b) The total amount of the detailed estimates for repairs to existing roads in the Anakapalle taluk given in column 5 of statement A should be Rs. 10,937 and not Rs. 10,337 as entered therein. The correct figure has been adopted and the Collector is requested to make the necessary correction in his office copy.

5. Statement C.—(a) The four irrigation works in the Palkonda taluk shown in this statement as "new" are obviously existing works and have been rightly included in statement B. They should be transferred to "repairs."

(b) A sum of Rs. 40,000 is provided for the improvement of village roads in Srungavarapukota but particulars as to the number and mileage of such roads are not given either in the detailed statement A or in the abstract statement C.

(c) The total length of the two new roads proposed in the Vizagapatam taluk under the head "large works" is given in this statement as five miles, but from the entries in the detailed statement A, the length appears to be seven miles. Again, in the same taluk, the number and the length of the new roads proposed under the head "small works" are given as 48 and 11 miles, respectively, but these represent the number and mileage of the Municipal roads alone; those of the Local Fund roads appear to have been omitted, though the amount of these works, viz., Rs. 20,106 is included in the sum entered in column 15.

(d) The length of the ten new roads proposed in the Chipurupalle taluk is given as 73 in column 16 of the statement; but, according to the figures in the detailed statement A, it must be 85 miles. Again, the number of new roads proposed for construction in the Párvatipuram taluk is given as 6; whereas, according to statement A, it must be 7.

(True Copy and Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department.
" Collector of Vizagapatam.

Exd W. J. Lewis.

APPENDIX.

Famine Relief Works for 1895-96.—Reviewing
the programme of — received from the Collector
of Vizagapatam.

BOARD OF REVENUE (REV. SETT., L. RDS. AND AGRI.), 27TH MAY 1895, No. 133.

PROCEEDINGS OF THE BOARD OF REVENUE (REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—statements of works available for famine relief in the Vizagapatam district during 1895-96 received from the Collector of Vizagapatam, dated 3rd May 1895, No. 91-A, B and C.

RESOLUTION—dated 27th May 1895, No. 133.

The abstract of the programme of famine relief works for 1895-96 received from the Collector of Vizagapatam will be submitted for the information of Government.

2. The programme contains provision for the construction of 17 new irrigation works at a cost of 1.71 lakhs of rupees and for repairs to 633 existing works at a cost of 1.89 lakhs; for the construction of 829 miles of new road at a cost of 14.70 lakhs and repairs to existing roads to cost 3.56 lakhs; for works to improve the supply of drinking-water estimated to cost 5.01 lakhs and other miscellaneous works 11.11 lakhs. The total provision amounts to Rs. 37,97,509 and is estimated to be sufficient to provide employment for 26 per cent. of the population of the district for a period of three months. The provision made in several of the taluks is poor, being, in the Government taluk of Palkonda and in the zemindari taluk of Viravalli, only sufficient for 9 per cent. of the population. Early steps should be taken to enlarge the programme as far as possible in these cases. It is observed that road-works at an estimated cost of 4.78 lakhs have been provided for in the Agency tracts of the district. In the zemindari divisions of Vizianagram and Bobbili, certain bridge-works have been included in the programme. Such works involving a large amount of skilled labour are generally out of place in a programme of famine relief works, which should be specially designed for providing employment for unskilled labourers.

3. Detailed estimates are reported to be ready for works to cost Rs. 11.70 lakhs or 31 per cent. of the total provision.

4. (a) In statement A, the breaking and stacking of metal along the Razam-Ramabhadrapur road in the Palkonda taluk at a cost of Rs. 12,000 and the construction of road No. 10 in the Chipurupalle taluk at a cost of Rs. 4,500 are shown as sanctioned works, but the amounts of their detailed estimates are not given either in this statement or in statement C. The cause of the omission should be explained.

(b) The total amount of the detailed estimates for repairs to existing roads in the Anakapalle taluk given in column 5 of statement A should be Rs. 10,937 and not Rs. 10,337 as entered therein. The correct figure has been adopted and the Collector is requested to make the necessary correction in his office copy.

5. Statement C.—(a) The four irrigation works in the Palkonda taluk shown in this statement as "new" are obviously existing works and have been rightly included in statement B. They should be transferred to "repairs."

(b) A sum of Rs. 40,000 is provided for the improvement of village roads in Srungavarapukota but particulars as to the number and mileage of such roads are not given either in the detailed statement A or in the abstract statement C.

(c) The total length of the two new roads proposed in the Vizagapatam taluk under the head "large works" is given in this statement as five miles, but from the entries in the detailed statement A, the length appears to be seven miles. Again, in the same taluk, the number and the length of the new roads proposed under the head "small works" are given as 48 and 11 miles, respectively, but these represent the number and mileage of the Municipal roads alone; those of the Local Fund roads appear to have been omitted, though the amount of these works, viz., Rs. 20,106 is included in the sum entered in column 15.

(d) The length of the ten new roads proposed in the Chipurupalle taluk is given as 73 in column 16 of the statement; but, according to the figures in the detailed statement A, it must be 85 miles. Again, the number of new roads proposed for construction in the Párvatípúram taluk is given as 6; whereas, according to statement A, it must be 7.

(True Copy and Extract.)

(Signed) P. RAJABATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department.
 „ Collector of Vizagapatam.

Exd W. J. Lewis.

APPENDIX.
