To W.

Your office-note no. 76 C.,
dated 10 Jan 1895.

Thank you for sending me the complete file.

2. Admitting for the sake of argument that there is no rule that covers the case, I do not think it advisable for a Local Government to sanction a departure of the kind without the approval of the Government of India. A principle is involved in it, and the experiment may or may not be successful.

3. As financial adviser to the Secretary, I would therefore respectfully recommend that the question be referred to the Government of India before any outlay is incurred.

No 178-9 W d, 23 January 1895

Note for His Excellency the Governor.

The accompanying draft order and letter to the Government of India are submitted on the motion of the Examiner, P. W. accounts, who considers that, as the sanction accorded in G. O. 2966 W. dated 17th November and G. O. 3176 W. dated 11th December 1894, though not barred by specific rule, involves a new departure, it is desirable that the approval of the Government of India should be obtained. After discussing the matter with him, I think he is right, and submit the requisite application for His Excellency's approval.

The sanction accorded in
the orders quoted above, for
planting fruit trees in the
grounds of officers' residences
in the Kistna District, will be
held in abeyance pending a
reference to the Government
of India. Meanwhile no
expenditure should be in-

The Secretary to the
Govt of India
P. W. D.

Sir,

I am directed to state
that on the recommendation
of the Suptg. Engineer W. Smith,
H. E. the Governor in Council
sanctioned against public
funds an estimate amounting
to Rs 275 for planting and
maintaining fruit trees in
the compounds of certain public
buildings occupied by Govt
officers in the Krishna District.

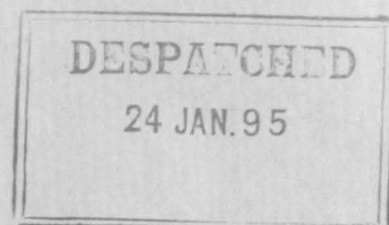

It was represented that the
grounds were devoid of trees,
and that by planting fruit,
instead of non-productive, trees,
the outlay incurred could even-
tually be recovered; the sale
proceeds of the fruit, with
the exception of the actual
requirements

requirements of the occupants,
being credited to Government.
2. The Examiner, P.W. accounts,
however, considers that as there
is no rule which covers an
experiment of this kind, the
sanction of the Government
of India should be applied for.
I am accordingly to request
that if such sanction is
considered necessary, it may
be accorded. His Excellency
~~the Governor in Council~~ is of
opinion that the Suptg. En-
gineer's proposal is beneficial
and deserves a trial. The sum
of Rs 275 includes the cost of
the trees and maintenance for
one year. The expenditure in
future years will be confined
to maintenance charges only.
