

From the Consulting Architect to the
Government of Madras, to the Surgeon General,
Madras, dated 22nd May 1895, No 744-

I have the honor to state that there will be
considerable difficulty in acquiring the
dwelling house and ground referred to
in my letter No 3312. dated the 8th February/95.
There is another site in Marshall's Road
nearly opposite the Ophthalmic Hospital,
there is at present an old dilapidated house
standing on it. This site, a plan of which is
enclosed will contain the two quarters required
for the ophthalmic and 3 quarters required for the
Lying-in Hospital. The Deputy Collector estimates
the cost of acquiring the property at Rs 4542. If
you approve of the site please obtain the necessary
Orders of Government for acquiring the same
and permission for the preparation of the estimates
for constructing the quarters.

Public Department.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Surgeon General with the
Government of Madras, dated 22nd June
1895, N^o 331.

In continuation of my letter N^o 166
dated the 16th February 1895, I have the
honour to forward the enclosed copy of a
letter and plan from the Consulting
Architect to Government.

2. It will be seen from this correspondence
that there is a considerable difficulty
in acquiring the dwelling house and
ground referred to in the previous
communication from this Office. The
Consulting Architect now suggests
another site in Marshall's Road
Egmore. This will according to his
statement contain the two quarters
required for the Ophthalmic and the
three for the Lying-in Hospital.

3. As the Superintendents of the
two

Two institutions approve of the site? request that sanction may be accorded for the acquisition of the site and for the preparation of the necessary estimates for constructing the quarters.

Order, dated 3rd July 1875 N° 541.

Sanctioned. A draft Notification in the prescribed form should be submitted by the collector through the Board of Revenue.

2. The necessary instructions for the preparation of estimates will be issued in the Public Works Department.

3. The approved standard design of quarters for a Hospital assistant will not be suitable in this case. The whole five sets of quarters requisite should be thrown into a single block. This will make a more presentable building and should result in a saving.
