Referred to the Collector of Kistna in continuation of Board's Reference Order, dated 21st January 1895, on Government Register No. 93 of 1895 with the request that the report called for in Board's Proceedings, dated 24th September 1894, No. 399, may be submitted at an early date.

READ—also Memorandum from the Acting Under Secretary to Government, Revenue Department, dated 22nd April 1895, No. 45-R.

Reference on the above, dated 30th April 1895.

The Collector of Chingleput is requested to submit at an early date the report called for in Board's Proceedings, dated 24th September 1894, No. 399, regarding the financial prospects of the telegraph office proposed to be opened at Cheyur in his district.

(Signed) R. C. C. CARR,
Acting Secretary.

To the Collector of Chingleput.

READ—also replies to Board's Proceedings, dated 24th September 1894, No. 399, regarding the extension of telegraph system in the Madras Presidency.

RESOLUTION—dated 17th June 1895, No. 194.

The Board begs to submit the report called for in Government Order, dated 13th September 1894, No. 3591, Revenue, as to the financial prospects of certain telegraph offices proposed to be newly opened, and as to whether the guarantees asked for by the Director-General of Telegraphs may safely be given.

2. From the Collectors' replies read above, the Board understands that at Cheyur, in the Chingleput district, one of the fourteen places referred to by the Director-General, the local zemindar is willing to provide accommodation, free of rent, for an office until Government can erect a building of its own. With regard to another station, viz., Vadasandur, in the Madura district, a Mahomedan merchant at Dindigul is prepared to make good for one year the monthly loss, if any, which may be incurred. The Collector does not consider it safe to accept this proposal unless the guarantee required by the Director-General, Rs. 630, is deposited at once. With the exception of these partial assurances, no private persons have come forward offering to guarantee the success of the proposed telegraph offices. Nor are the Collectors concerned prepared to give an assurance that any of the offices will prove financially successful.

3. The Sub-Collector of Kistna recommends the opening of telegraph offices at Tenali, Bápatla and Chirla, but the Collector considers it unnecessary to do this in the event of the telegraph line in connection with the Bezwada-Madras Railway being put up.

4. The Collectors of Gódávari, Tinnevelly and Salem recommend the opening of telegraph offices at five other places for the reasons given below :—

(i) *Polavaram*—an extensive mart for timber where several merchants of the low country have large transactions.

(ii) *Rámachandrapuram*—the head-quarters of a taluk, the land revenue demand of which is close upon 12 lakhs. The opening of a telegraph office at this station is considered to be an administrative necessity.

(iii) *Sankaranainárkoil*—the head-quarters of a Tahsildar, a Sub-Magistrate and a Sub-Registrar; it adjoins the chief town of the Sivagiri zemindari.

(iv) *Kalugumalai*—an important town in the Ettiyapuram zemindari.

(v) *Atur*—the head-quarters of a taluk.

5. The Board understands the Director-General to require either an assurance from Government that the telegraph offices in question will prove financially successful or a pecuniary guarantee in case they have to be worked at a loss. It does not appear, however, that either requirement can be complied with in any of the cases under reference, but it cannot be doubted that the extension of the telegraph system to most of the places named is desirable.

Sir,

With reference to Boards Proceedings dated 24th September 1894 No. 399 and Reference on Government No. 93 of 1895, I have the honour to State that the financial prospects of a Telegraph office at Manantoddi are decidedly poor, as the receipts, Considering the present depressed Condition of North Wynad, are not likely to average Rs. 50 per mensem. The guarantee asked for Cannot therefore be safely given.
