

26TH JULY 1895, No. 1860 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

G.O., dated 6th July 1895, R. No. 86, Educational.

Read—the following letter from the Director of Public Instruction, Madras, dated 19th June 1895, No. 6631:—

With reference to G.O. No. 201, Educational, dated 22nd March 1894, I have the honour to submit, for sanction and transfer to the Public Works Department, the enclosed plan and estimate amounting to Rs. 2,940 for the construction of a school-house for the Government Girls' school, Dharmapuri, in the Salem district. This work appears as item No. 58, Educational, under Part I, class B, in the final issue of the Provincial Civil Works Budget estimate for 1895-96, and a sum of Rs. 3,000 was applied for for the execution of the work.

2. The school contains 56 pupils on the rolls and the strength is expected to increase on its being furnished with suitable accommodation. The proposed building is intended to accommodate nearly 100 pupils.

3. The Public Works Department originally prepared an estimate for Rs. 7,300, but a revised estimate has been prepared at my requisition.

Order—dated 6th July 1895, R. No. 86, Educational.

The plan and estimate are approved and will be transferred to the Public Works Department.

(True Extract.)

(Signed) L. DAVIDSON,
for Chief Secretary.

Note by the Chief Engineer, Public Works Department.

The site plan does not show the position of the school-house and the latrine, but they have been marked in pencil in this office. If considered too close together, however, a site for the latrine may perhaps be found outside the wall. If both school-house and latrine are constructed within the enclosure, the gateway on the east should be removed to one side, *e.g.*, from A to B.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

22nd July 1895.

ORDER—dated 26th July 1895, No. 1860 W., Public Works.

The estimate amounting to Rs. 2,970, as altered by the Chief Engineer, Public Works Department, for constructing a school-house for the Government Girls' school at Dharmapuri in the Salem district is sanctioned, and the amount is appropriated from the Provincial reserve.

2. Attention is drawn to the Chief Engineer's note recorded above.

3. This sanction has been registered as Provincial No. 45 W. of 1895-96, and classified as Civil Buildings, Original works.

(True Extract.)

Under Secy. to Govt., P.W.D.

NOTE BY TECHNICAL SECTION.

Name of Work Constructing a Govt. Girls
School at Darmapuri, Salem District

Amount of Estimate, Rs. 2970

PARTICULARS OF ESTIMATE.

Main Building	School	Rs.	2690
Subsidiary Buildings	Cubins	"	280
Contingencies	2 1/2 % (Rs 74)	"	"
Petty Supervision	2 1/2 % (Rs 72)	"	"
Land compensation		"	"

Total Rupees ... 2970.

PARTICULARS OF CONSTRUCTION.

Surface soil Ordinary loam.
Sub soil Hard gravel 4 ft. below.
Foundations are prepared to the level to
a depth of 4 feet with concrete
thoroughly to ground level.
Basement is to be raised 2 feet & built
of brick in mortar.
Walls are to be raised 12 feet & built
of brick in chunnam with flat
arch over doors & windows.

Plastering or Pointing the surface of walls are to be plastered both interior & exterior with 2 coats of chunam.

Flooring of the school room is to be 2 1/2" cement concrete laid over 3 1/2" ordinary concrete & the verandah 6" ordinary concrete.

Roofing is to be tiled with flat & pan tiles laid over teak rafters & jungle wood rafters supported on teak columns & pillars.

Doors and Windows are to be of teakwood of the descriptions noted in the estimate & painted with 3 coats of white paint.

Roof timbers are to be of teakwood for the trusses, rafters & bracing & jungle wood for the rafters.

Scantlings are correct.

Rates are fair except for teakwood vide remarks below.

The plinth area of the main building is 1310 square feet, and the cost per square foot will be Rs. 2.0.7.

The plans and estimates have been countersigned by the Director of Public Instruction and approved in the Educational Department.

REMARKS.

The plan & estimate under no. 11 have been framed with reference to G.O. No. 897 dated 3rd April 1894 & provide for construction of a Govt. Girls School with latrine at Darmapur in the Salem Dist.

The school house is to consist of a room 45' x 16' with a verandah 8 feet wide in front & is proposed to be constructed within the compound of the old Taluk Office. The room is designed to accommodate 90 pupils at 8 1/2 p per pupil, as per School Rules published in Fort St. George Gazette, dated 10th Feb 1891 page 3 section II.

Para 18 herewith submitted.

The plan of the latrine is based somewhat on the designs given: - labeled with G.O. No. 3050 dated 8th November 1892 & provide for six seats with dry earth bin & cess pool.

The site plan does not show the position of the school house & latrine. It has however been marked in pencil on the tracing plan for approval. If the arrangements be approved the gateway on the east should be altered as shown on plan from A to B. & slightly altered at the west wall. The site marked in red is apparently intended for a building 78'6" x 42'0" as originally designed, vide para 3 of letter from the Director of Public Instruction.

The rate entered for teak wood is slightly in excess of the schedule rate viz Rs 4.8. against Rs 4.0. The rates have been compared with the old schedule of 1888. The current one being with "W".

The amount of the estimate has been altered from Rs 2940 to Rs 2970. owing to an error in taking out the length of the verandah rafters.
