

Salem, 9th July 1895.

No. 272. S.E.

FROM

D. R. P. S. Gopalakrishnan, Surgeon,
Rai Bahadur, B.C.E.,
Executive Engineer,

Salem Division.

To

The Superintending Engineer,

Fourth Circle,

COIMBATORE.

Sir,

Enclosures. 1

I have the honour to bring to your notice that Office work in Sigratur Sub Division Office is getting heavier ^{and heavier} owing to Tank Restriction Scheme works and it becomes impossible for one clerk to get through it. The Sub Divisional Officer reports that the number of letters received in his office in 94-95 is 3966 despatched from — do — 2660. received in ⁹⁵⁻⁹⁶ do — up to 4th June 95. 1520 despatched from — do — 1200.

2. The work in the Divisional Office is also increased as the T. R. S. Estimates

estimates have to be copied for communication to the Sub Div. Officer.

As the office establishment is limited there being only two clerks under the Head clerk, copying estimates is being done by the Assistant Draftsman to the prejudice of his legitimate work and the work in the Draftsman's branch is retarded. I therefore request you will be good enough to get sanction for a second clerk at \$15 a month for the Sub Divisional Office. He will be made to copy the I. A. S. Estimates in addition to his work in that Office.

3. A proposition statement is herewith submitted.

I have the honour to be,

Yours most obt. Servant,

9.7.95
Executive Engineer.
