Memorandum.

Letter from the Supt. Engineer III Unit No. 1700
dated 16. October 1894.

The Chief Engineer
has the honor to request
that the Supt. Engineer
III Unit will be so good as
to explain the necessity
in each case for the
reduction or increase
of grant proposed by
him in his letter quoted
above. Failure to
utilize grants assigned
to particular works requires
proper investigation,
and it is necessary
that full information

to the circumstances
should be supplied.

I have the honor to state that the amount
of Rs. 5000 surrendered from Salary Office Royachoty
in this Office No. 1700 dated 17th October 1894 is now
required for the work as the Executive Engineer reports
that he will spend the whole grant for the year by the
end of the Official year and to therefore request that
you will be good enough to strike out the item from
my letter quoted above.

2. This correction will make the amount
surrendered and the amount required equal.

FROM

SUPERINTENDING ENGINEER,

IIIrd CIRCLE,

To

THE *Chief Engineer*,

P. W. Department,

Madras.

Sir,

With reference to your memo No. 3234C dated 20th October 1894, I have the honor to explain the necessity in each case for the reduction or increase of grant proposed by me in this Office No. 1700 dated 16th October 1894.

1. *Salary butcherry at Tadpatri - Rs 3000.*

The amount is not required as the outlay on the work upto date is Rs 3,272 and there is no probability of spending the whole amount by the end of this year.

Progress of work was delayed by an out break of cholera in the town.

2. *Police Office Anantapur - Rs 6000.*

The estimate sent to the Inspector General of Police is not yet sanctioned. More than half the year has passed and the full allotment cannot be expended even if the estimate be sanctioned at once.

3. *School House at Anantapur - Rs 5000.*

I have seen the collector and he informs me that there is very little chance of this building being constructed even if sanctioned at once. Full grant cannot be spent; as much of the year has passed.

Enclosures.

Copy

4. Talag Office Royachoti - Rs 5,000.

Now reported to the S. E. required vide this Office No 1747 of 18 October 1894.

5. Talag Office Pattikonda - Rs 6,000.

Work stopped pending the sanction of new site proposed by the collector. The contractor has refused to go on with the work owing to the change of site. This man's account is being settled and arrangements are being made to get another contractor to go on with the work. Full allotment cannot be spent.

6. Head Asst. Collector's Residence at Nandial - Rs 1,500.

Progress of work on this building has been slow owing to the difficulty in getting the S. M. Railway to run special trains for conveyance of stone. Money surrendered to prevent it lapsing.

Amounts required.

(a) Talag Office Madakasira - Rs 5,000.

(b) — do — Dharmavaram — 5,000.

I have seen the collector of Anantapur regarding these buildings, he is anxious that they should be commenced.

(c) Police Station Dharmavaram - Rs 1,500.

It is doubtful if this building will be required, if the New Talag Butcherry be built. If the Police station has to be constructed it will be convenient for supervision to build it at the same time as the Talag Butcherry - if the Police station is not required the allotment will be expended on Royachoti Talag Butcherry.

An estimate of Rs 2,110 for this work has been sanctioned by the S. E.

(d) Talag Office Proddatur - Rs 5,000.

This appears as a B work in the budget of 1894-95 it will be convenient to commence it now as there is little work going on in Kudlapah and the work can be supervised by the subordinate stationed there.

(e) Improvements to the Collector's Butcherry Bellary - Rs 4,000.

The collector is anxious that this work should be completed.

(f) Civil Buildings Repairs - Bellary - Rs 1,000.

Required for various minor repairs necessary to buildings in the Bellary Division.

I have the honor to be
Sir
